YEARBOOK

SAN JOSE

Jeff CHARLTON

Hey Jeffy Baby,
Im really glad we became friends this year. your so crazy, its weird how we're known of each-other so long, but never really known eachother; and now, we're pretty good friends. I Promise during summer, "I won't run you over." Have a great Summer, be careful.

Love,
Michelle

To Jeff,
Listen, its been great having you in Spanish. (You and your jags can make a class a little more fun.) Good luck next year in your Sport and Intellectual Activities, Have a Bitchin Summer!!

Friends forever

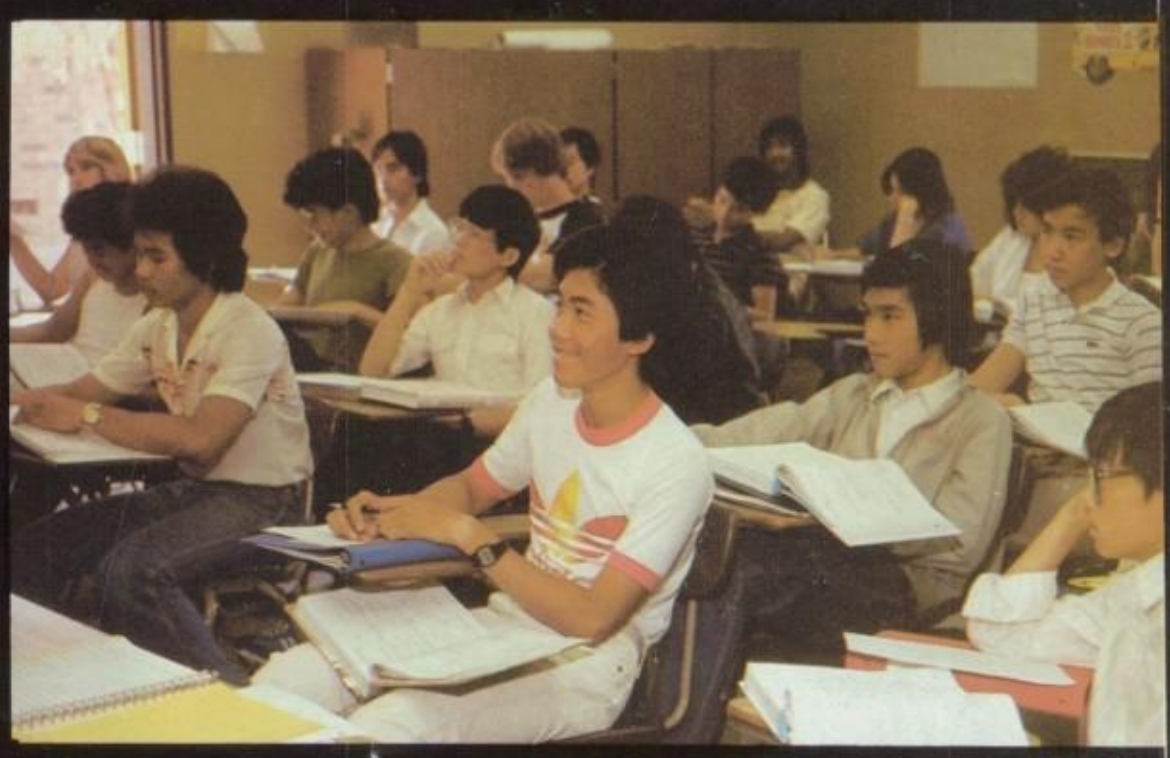
Friendship. A common enough term with which we all are familiar. However, have we ever sat back and thought about how important our friends are to us?



As infants and toddlers we are completely dependent upon the adults around us for our physical needs. We also
equally dependent on them for love and friendship. Our parents are the first ones to show us how good it is to share
others.

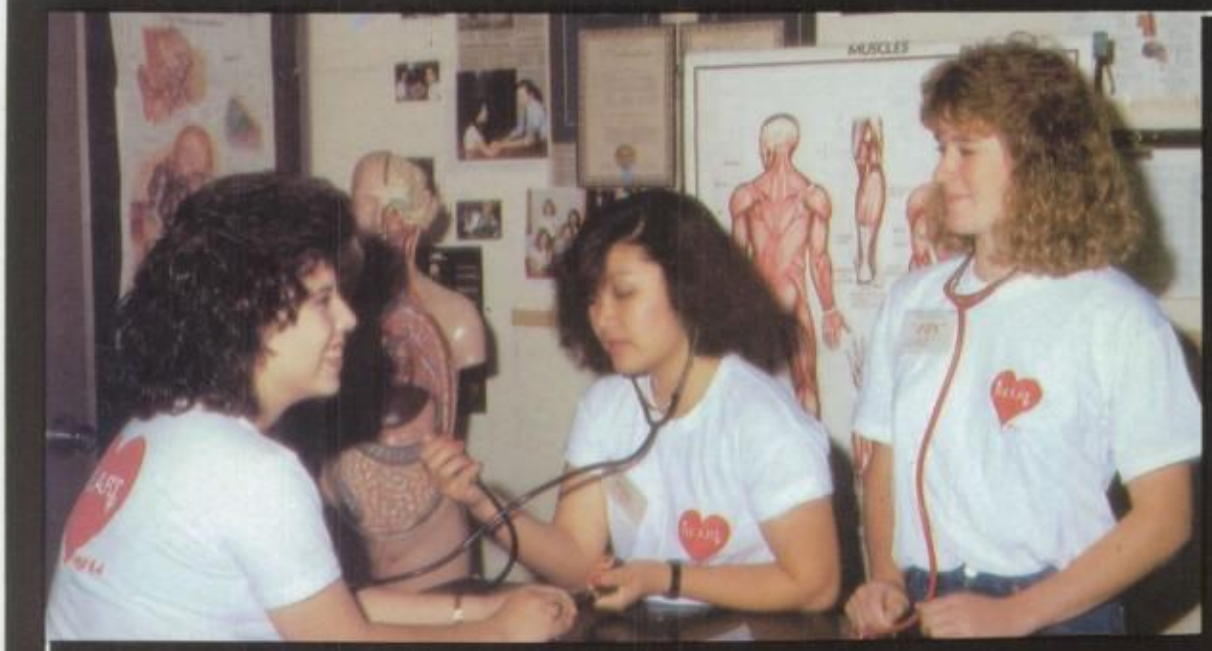
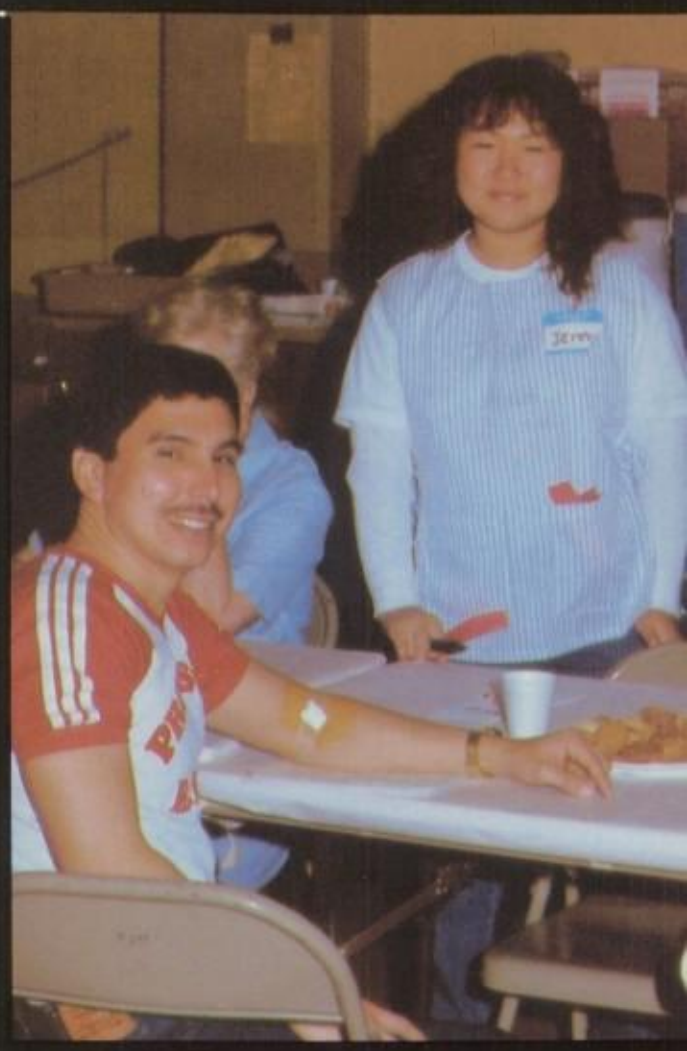
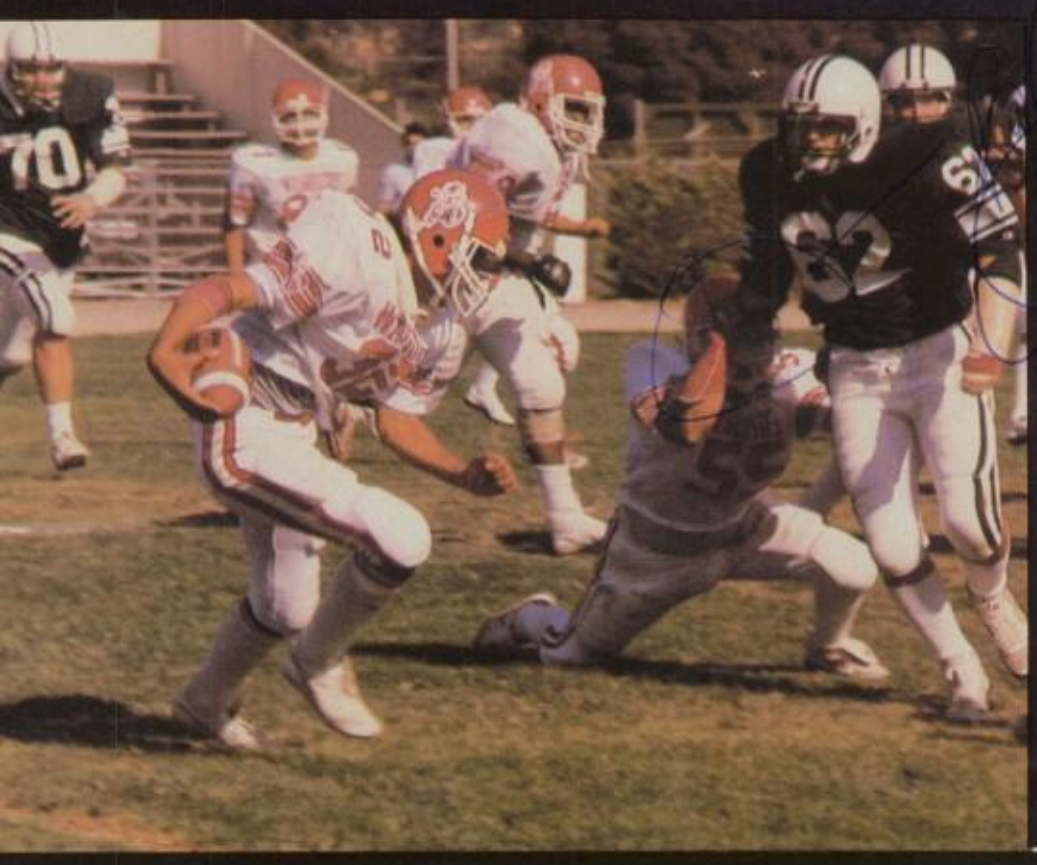
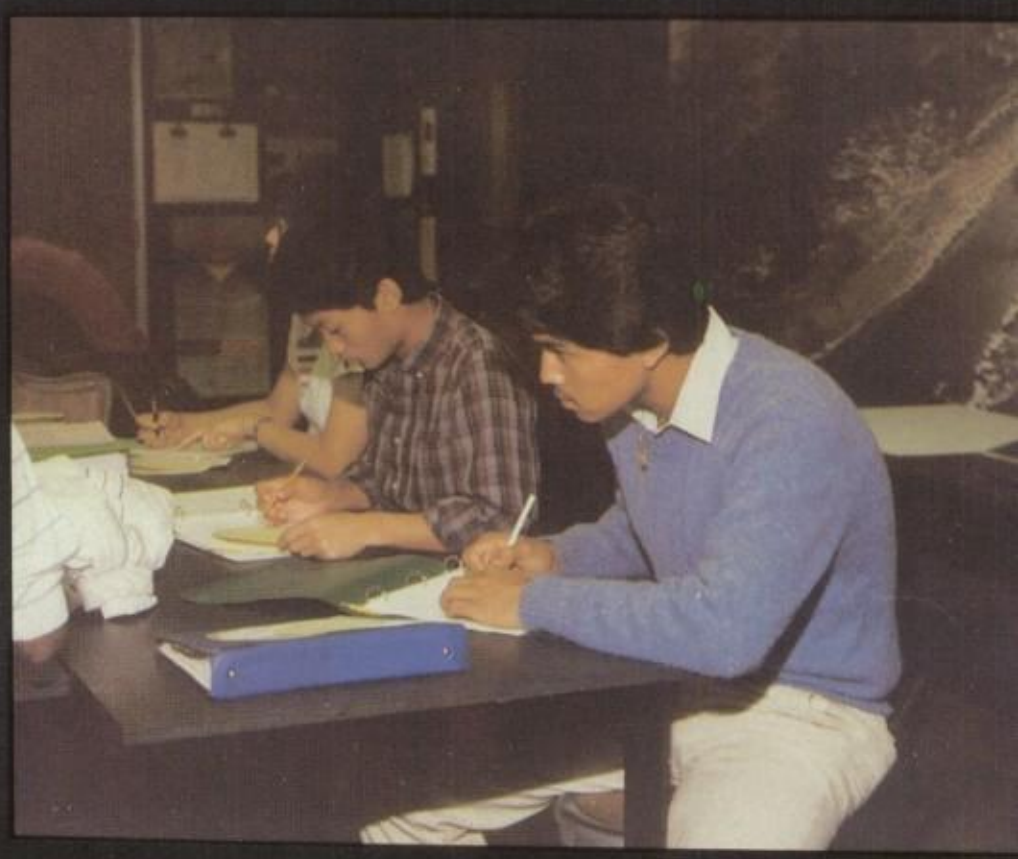
Early friends include the children our age in our neighborhood as well as in the lower grades at school. At that age usually share similar interests and often find it fairly easy to make new friends if our parents move to anoth community.

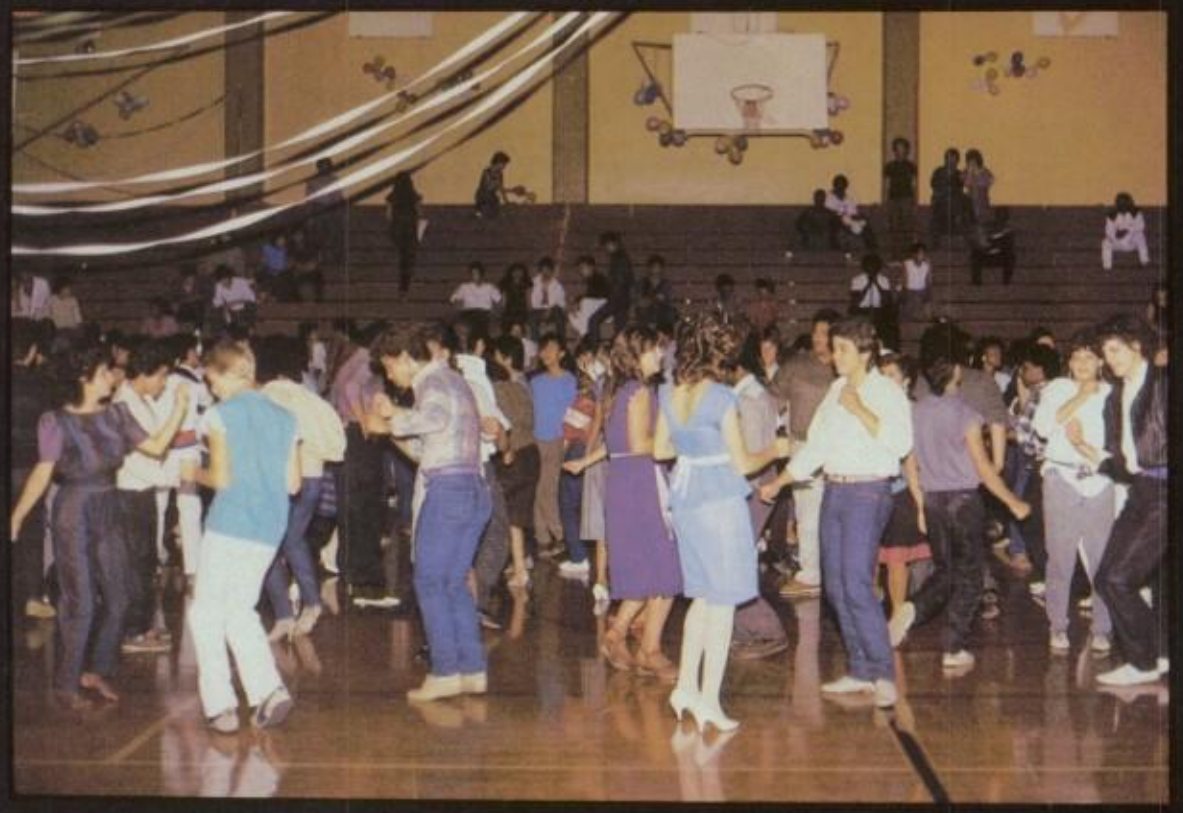


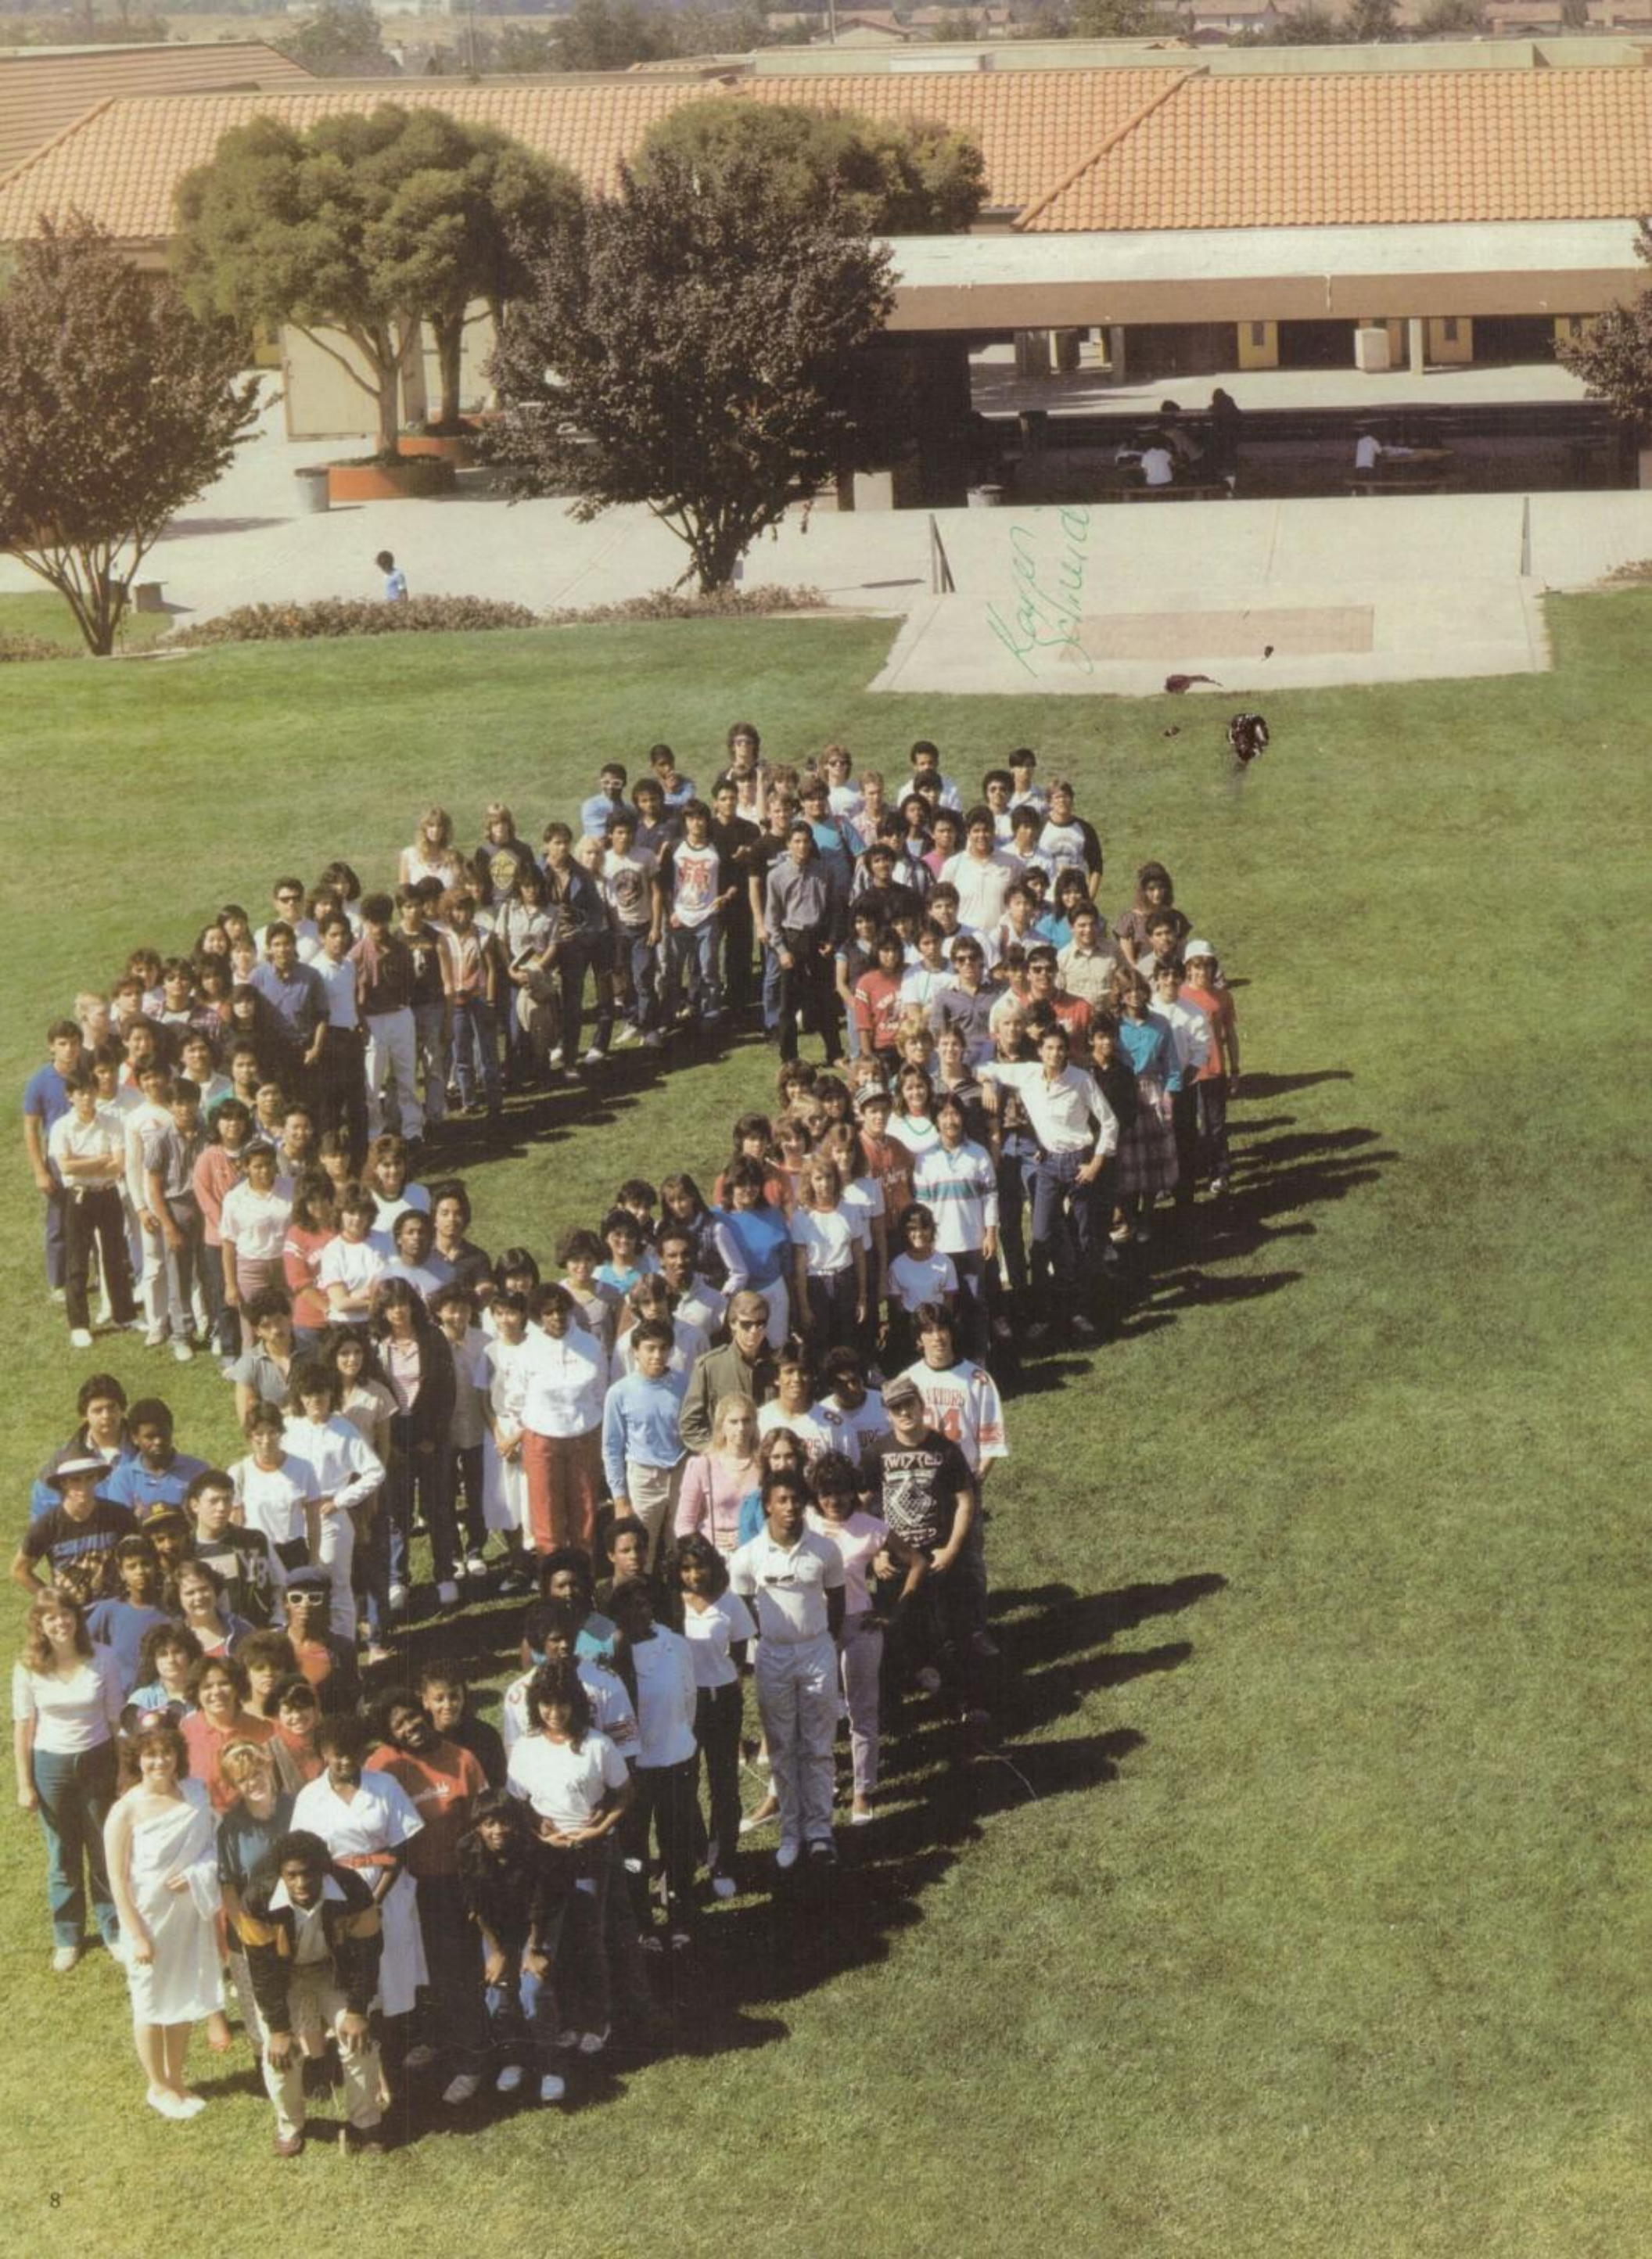




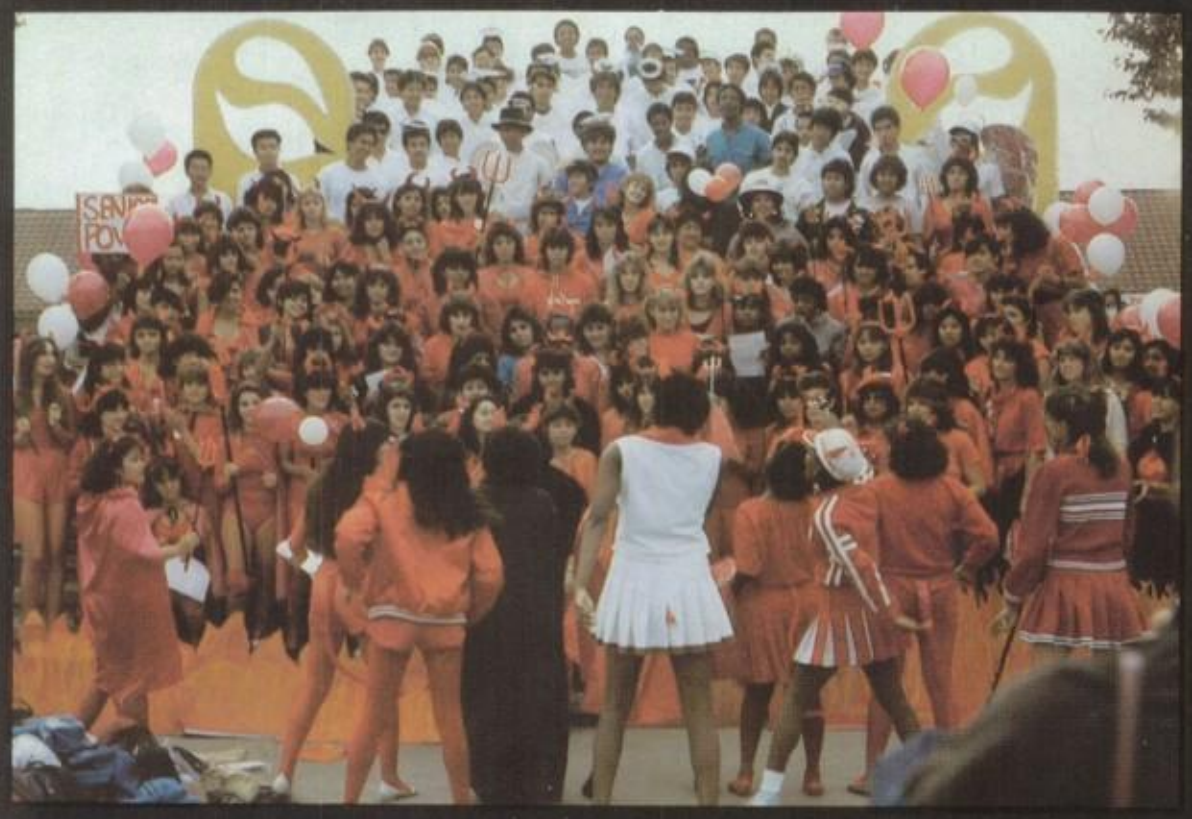
During our later school years, we often become part of a group that dresses, acts, and perhaps even thinks alil
While it can be very comforting to be part of such a group, our individual traits as well as the pressing demands of goi
to college or getting jobs often split such groups asunder.

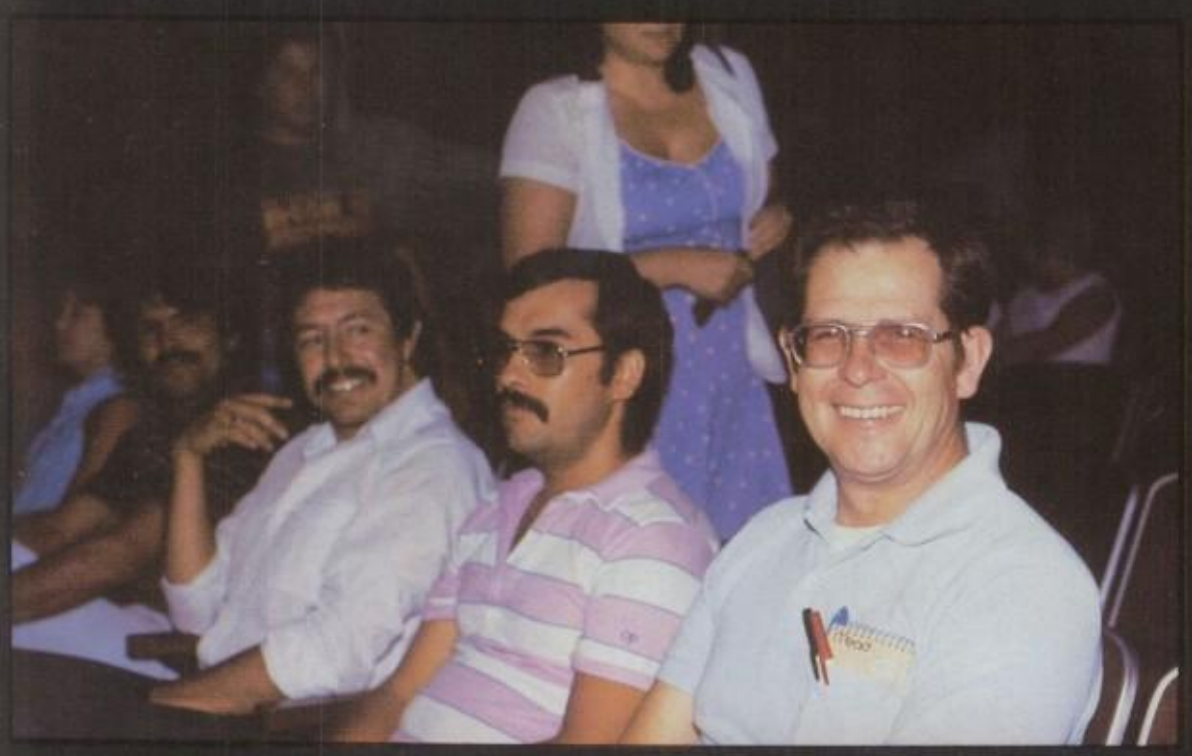


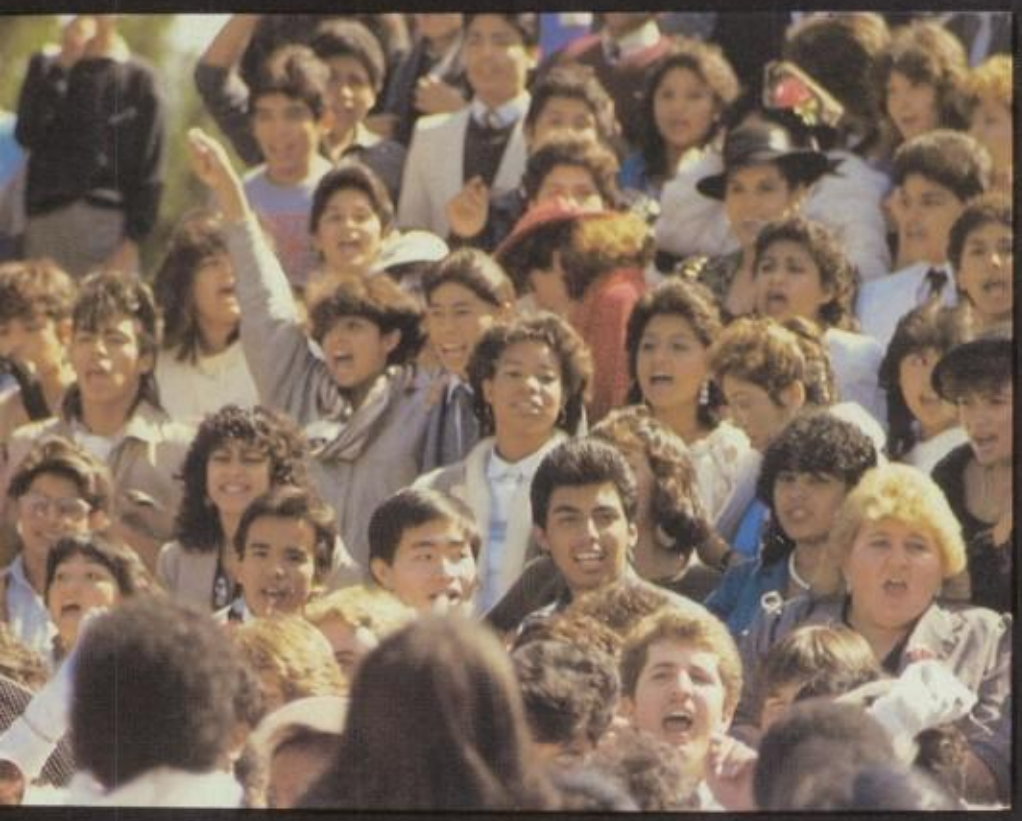


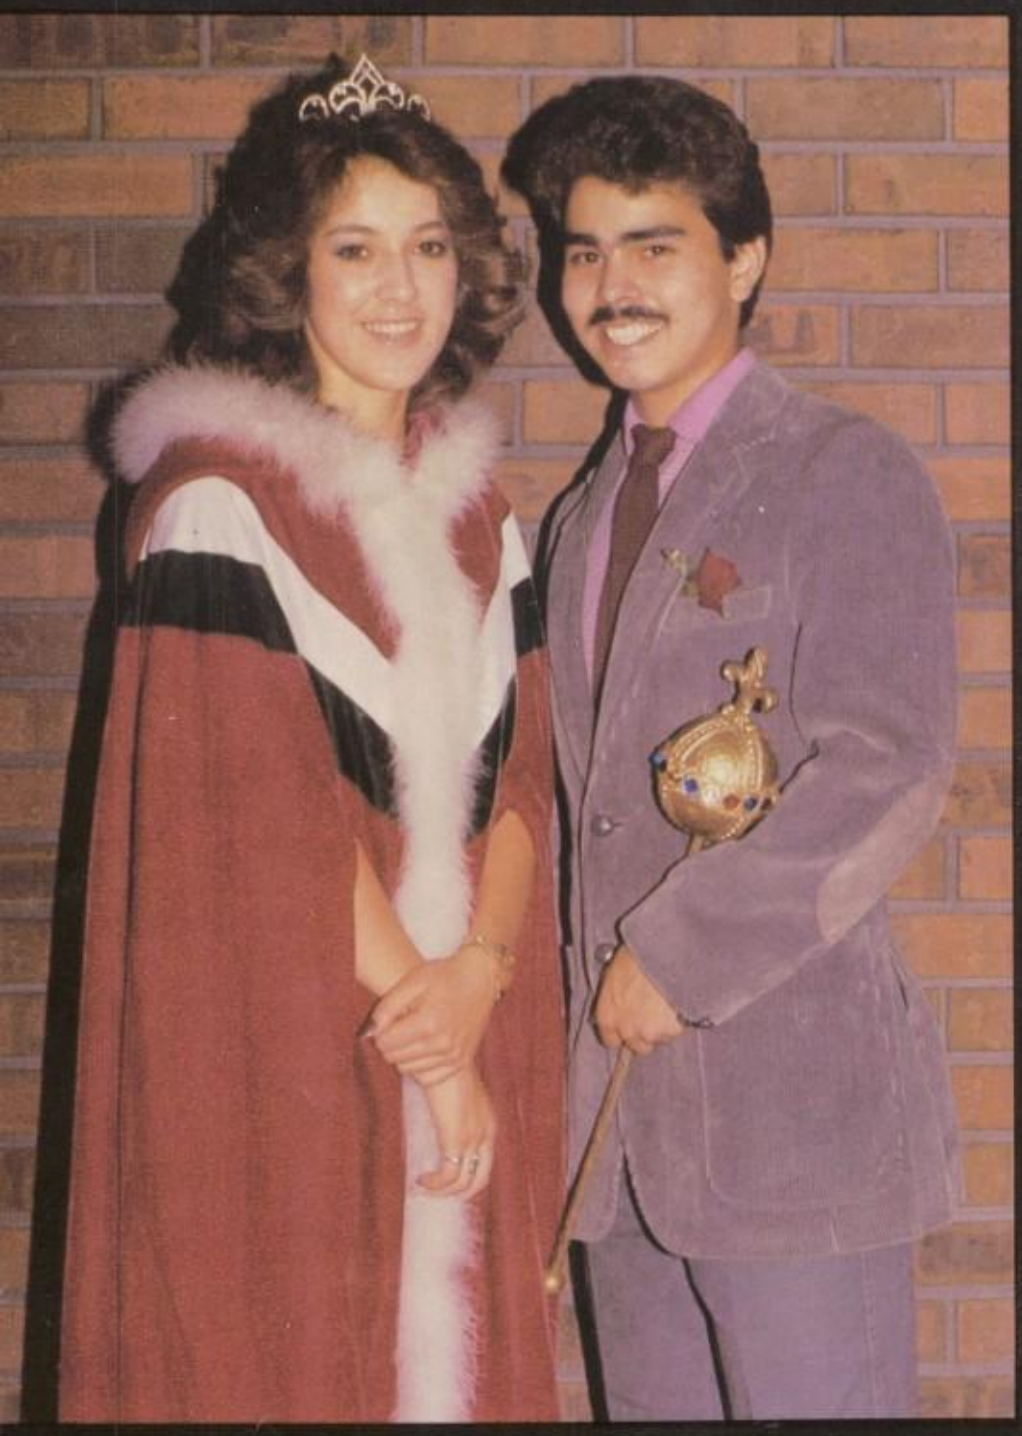


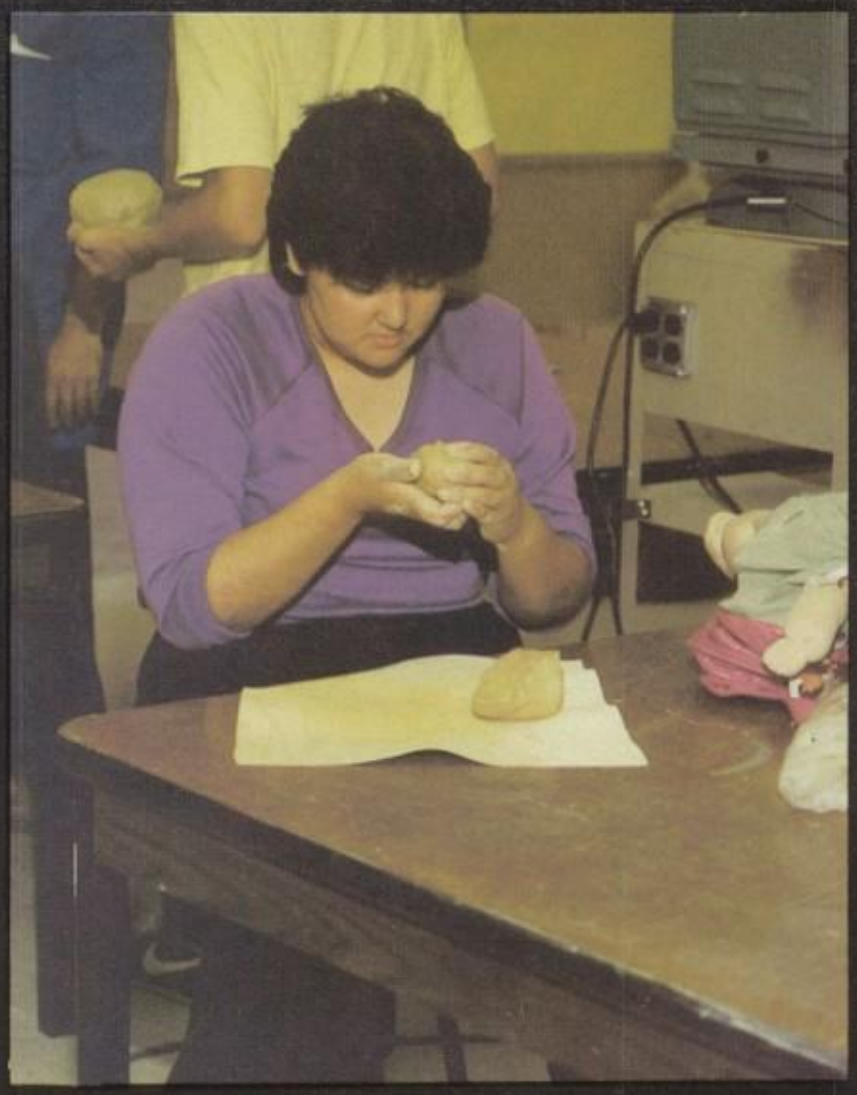
As we grow older, we establish a few friendships that will stand the test of time, even if different interests or gre
physical distances separate us.

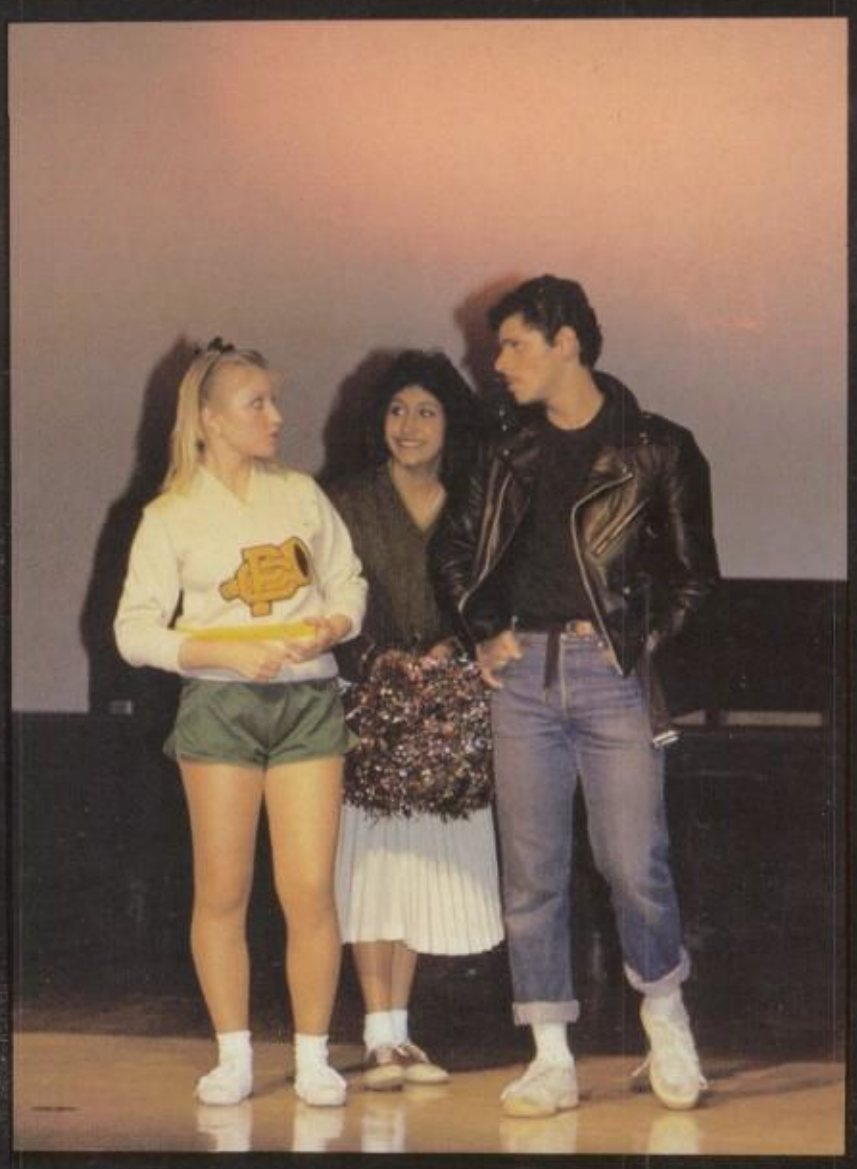












These permanent friends may be old school chums, people met on the job, or even one's sisters or brothe
Whenever we are with these friends, or even when we merely just think about them, we often feel a warmth that is ha

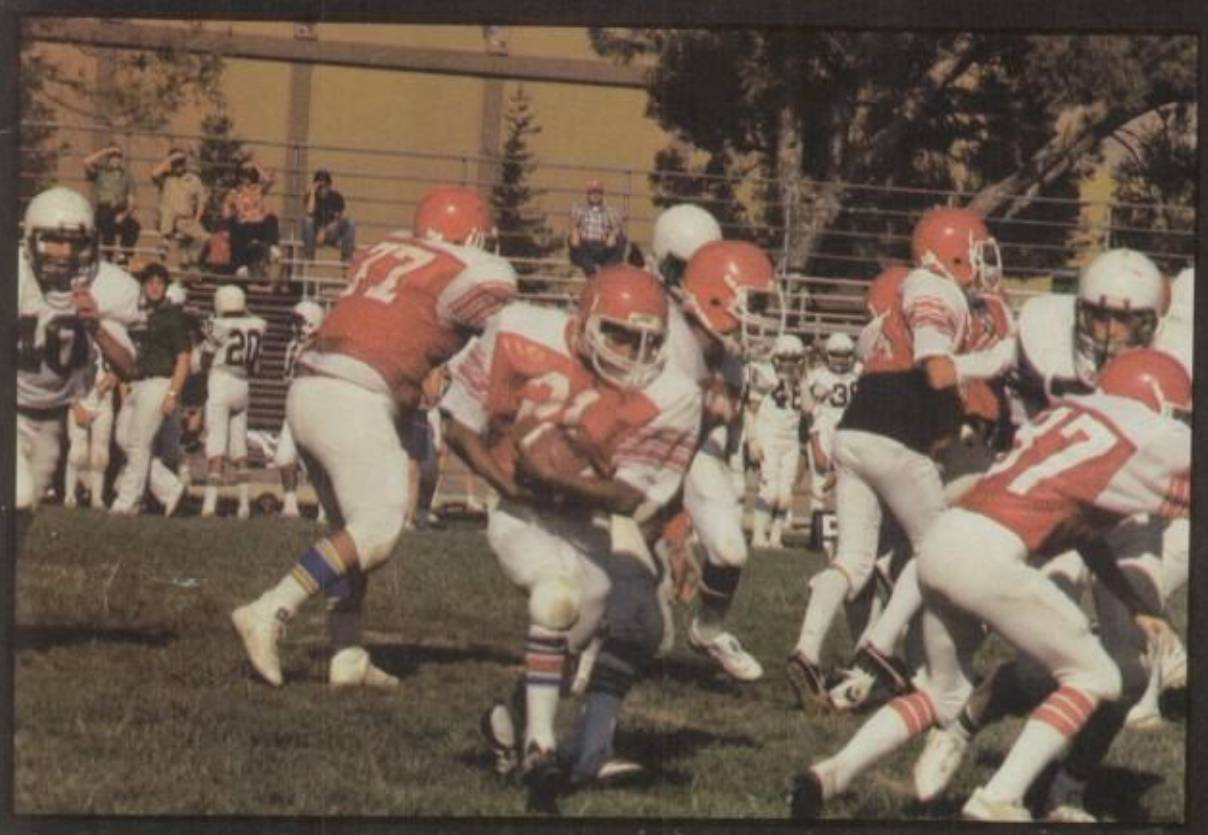
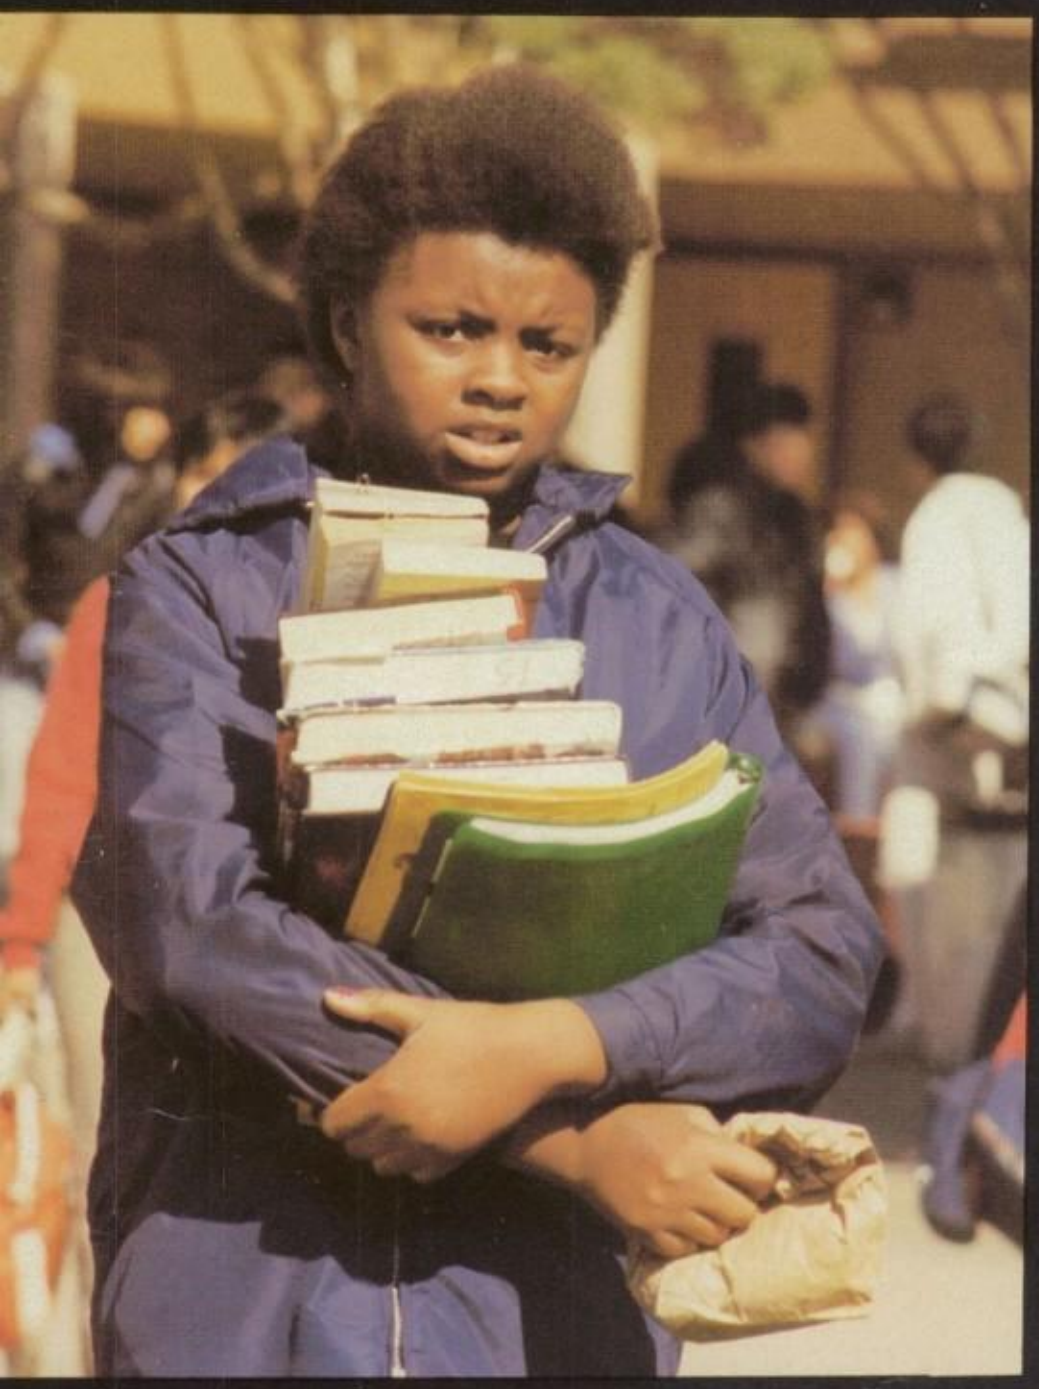
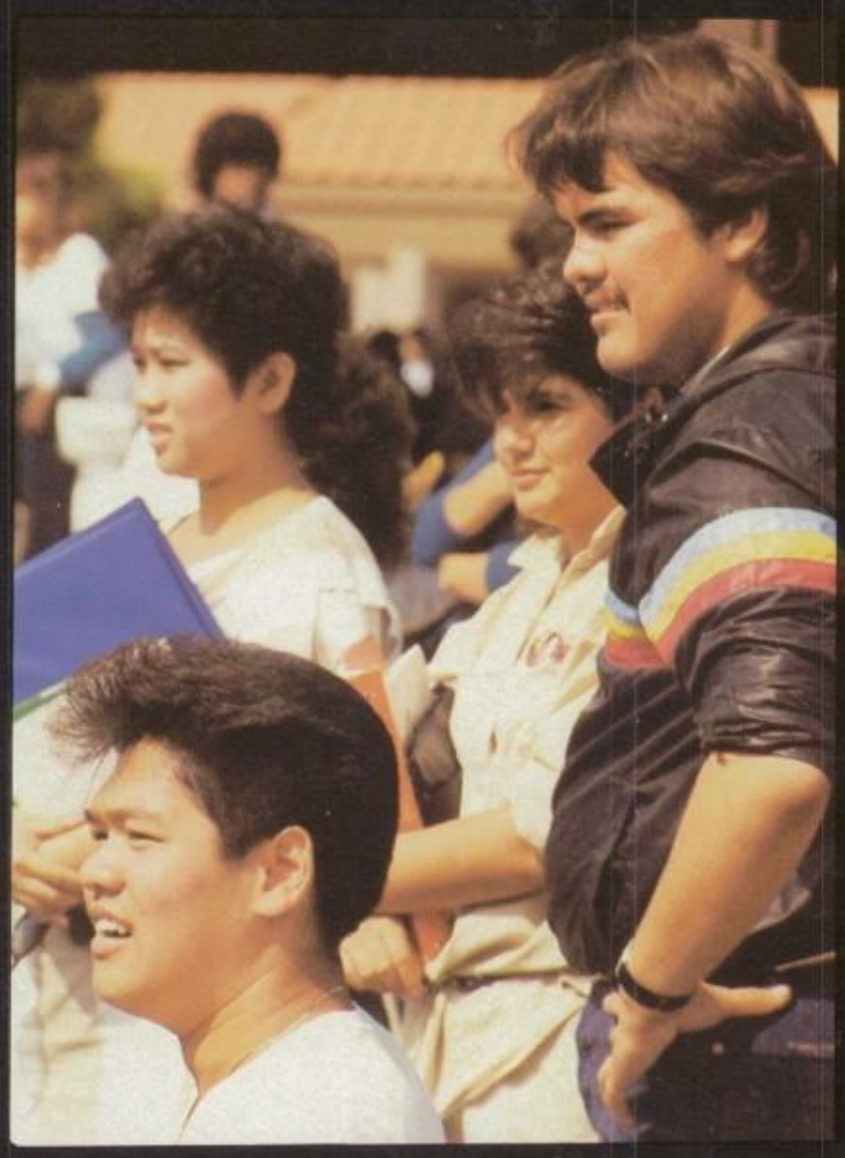
Yerba Buena High offers us many opportunities to create lasting friendships, whether they are with fellow students
any year in school!) or with the faculty members. This school offers the type of environment that allows such friendsh
to flower.

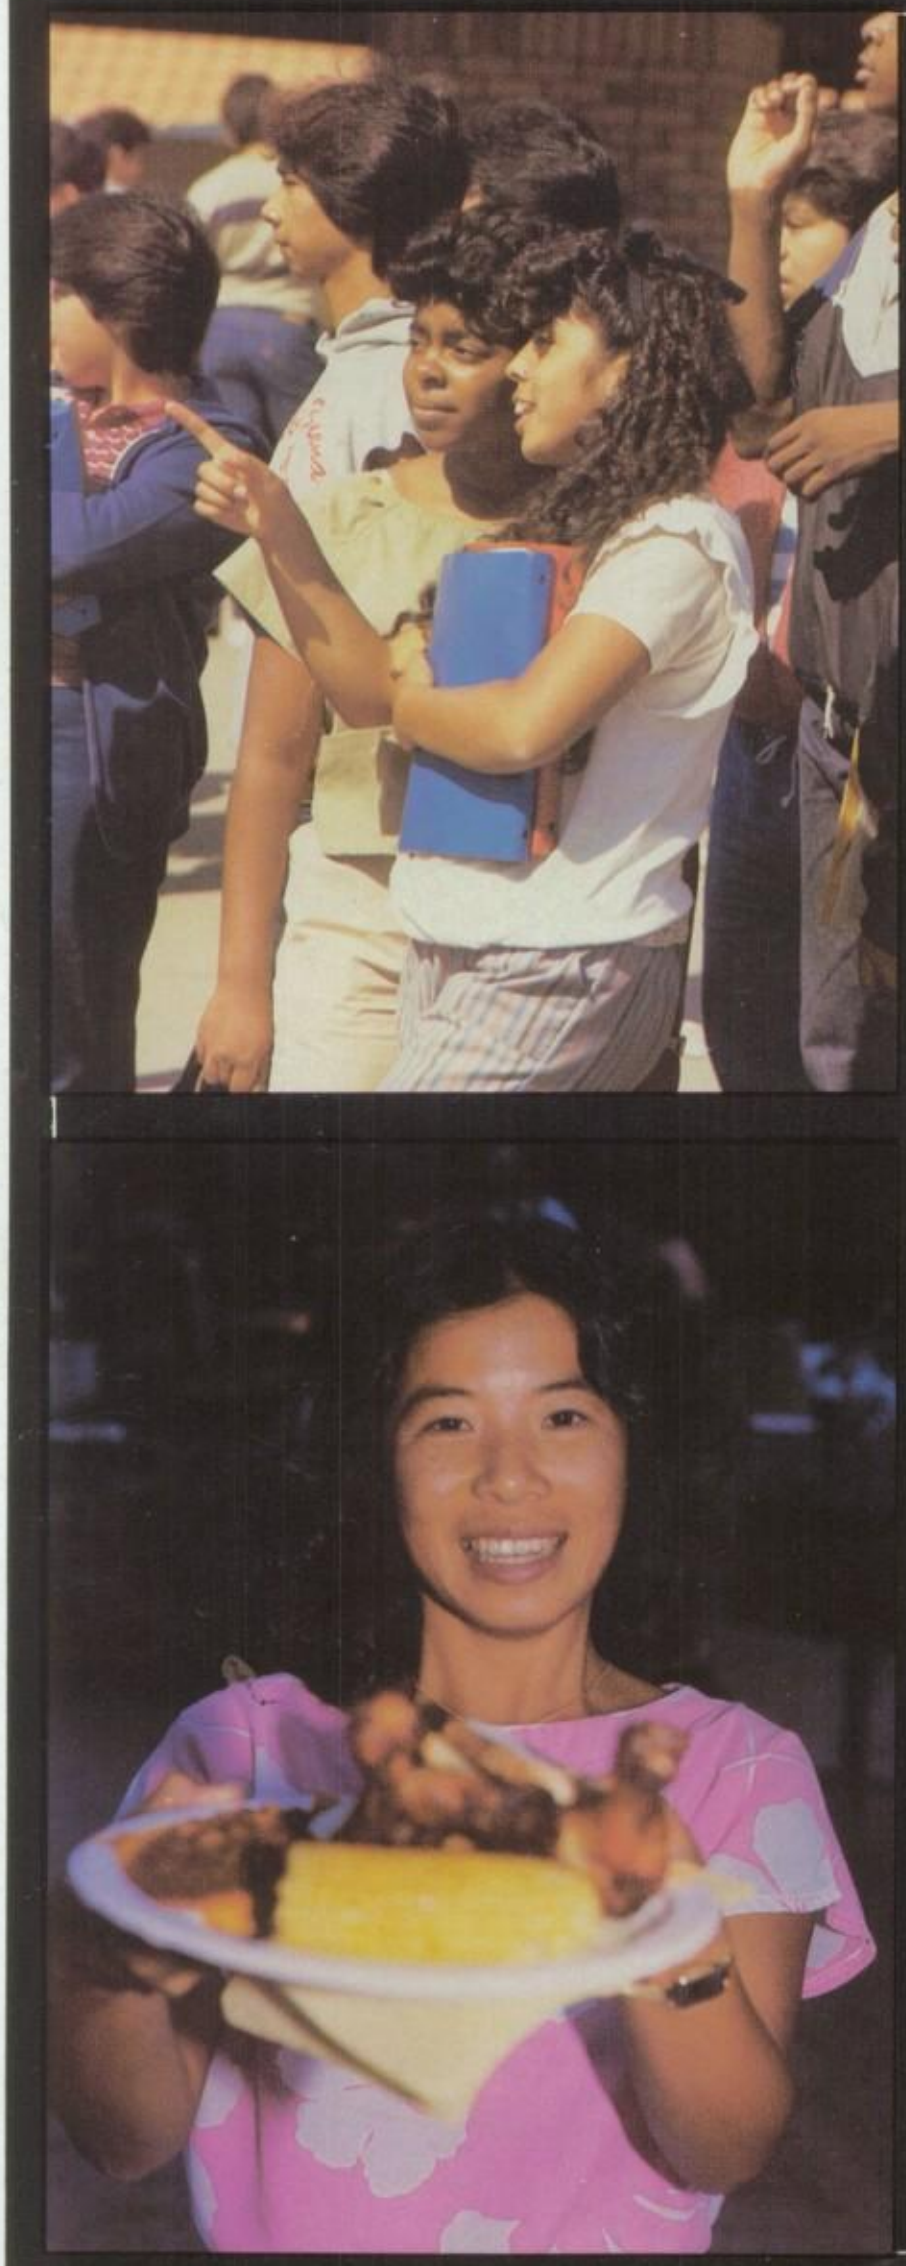


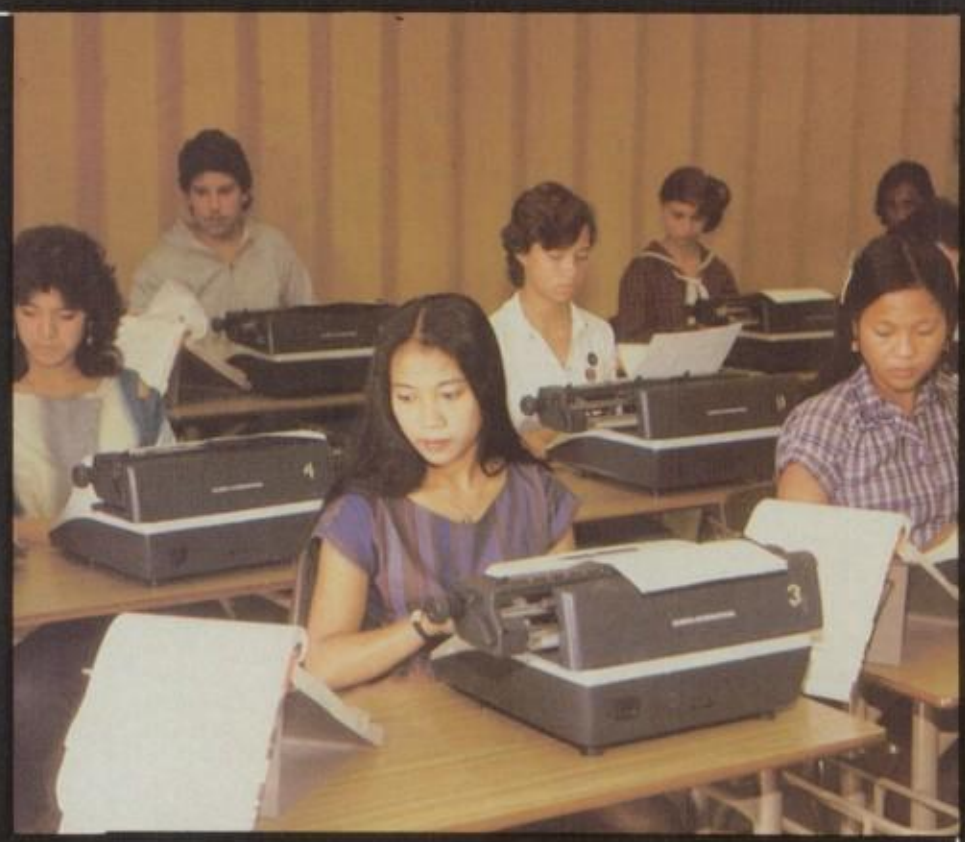




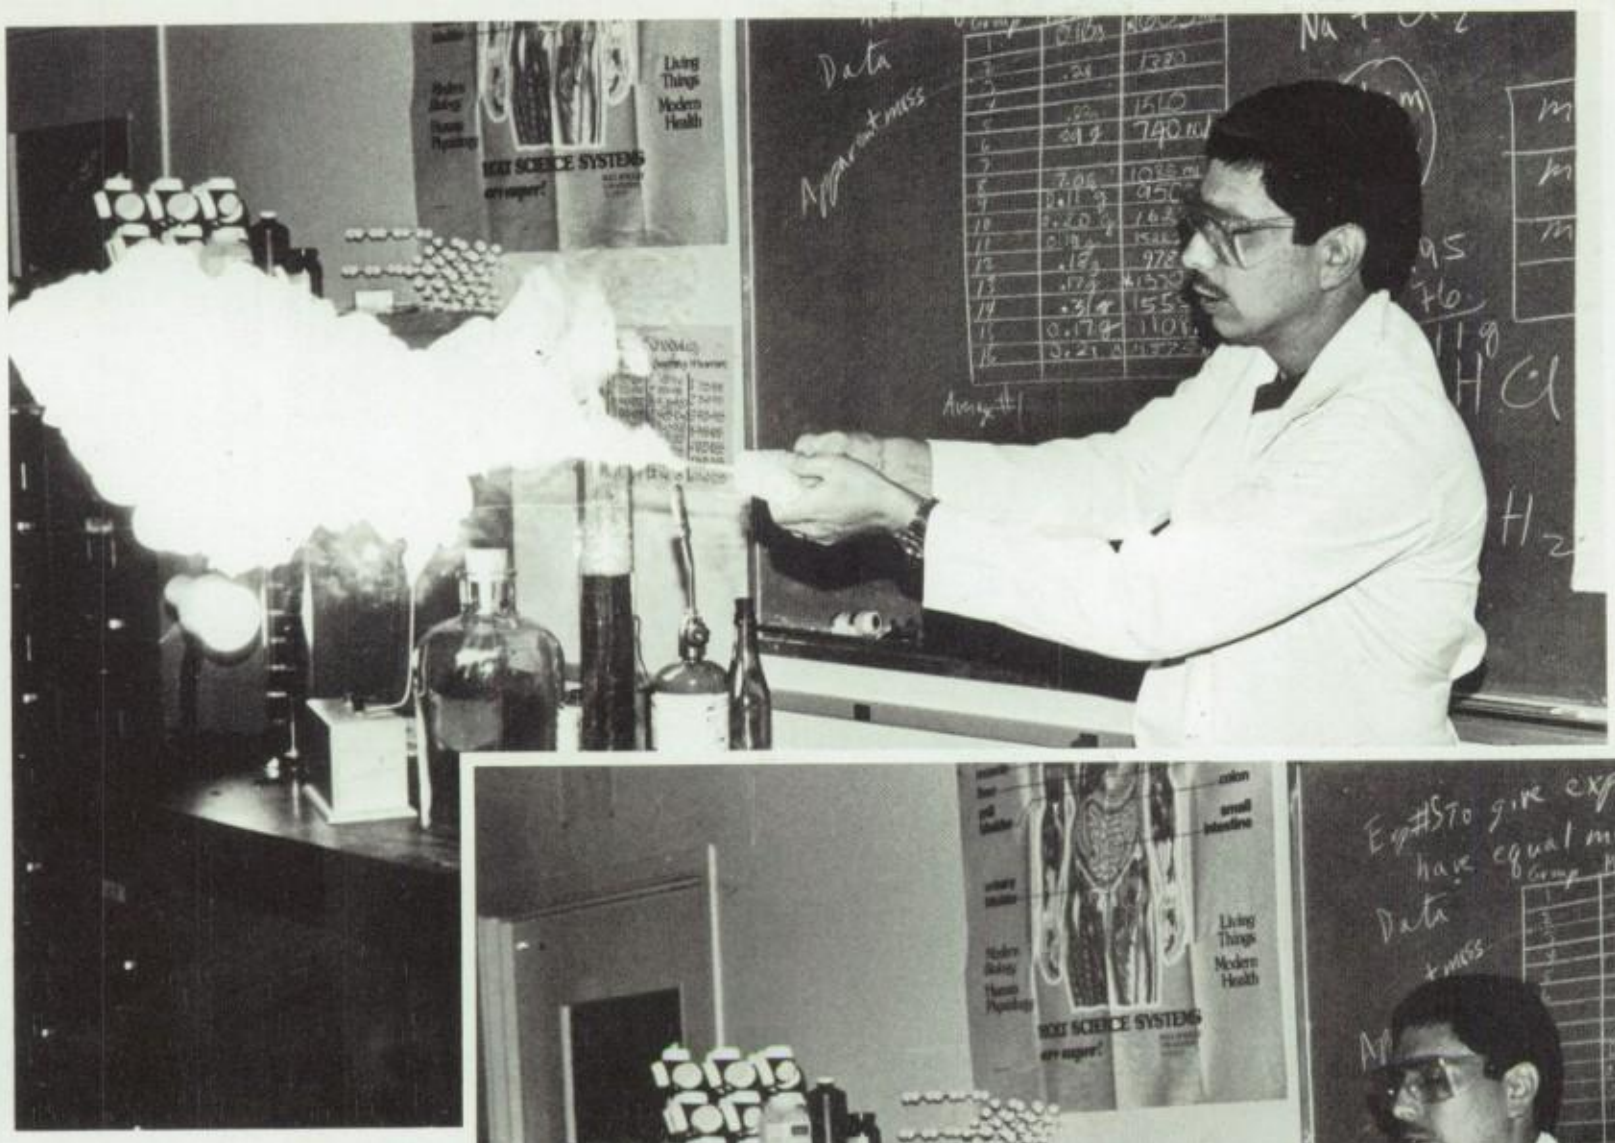
Best of L

As we continue to live our lives in the world beyond school, we still will need and enjoy our friendships. While each of us needs to be self-reliant to a degree, the sharing of both "good" and "bad" times with caring friends can add immeasurably to one's happiness.





Dedication



This year's yearbook is dedicated to Mr. Robert Montoya.

Mr. Montoya was born in Phoenix, Arizona and grew up in the Salinas Valley. Since his father was a sharecropper who grew strawberries, many of Mr. Montoya's pre-college days were spent in the fields harvesting fifteen different kinds of fruits and vegetables. After high school, he attended San Jose State University and majored in Life Science.

Today, Mr. Montoya teaches chemistry and science and co-advises the CSF/NHS, MESA, Science, and Yosemite Clubs. He is also the chairman of the American Chemical Society Committee. Each year Mr. Montoya presents a "Chemistry-in-Action" show on campus and at various universities, such as S.J.S.U., Princeton University, and Mission College for both students and chemistry teachers.

In his spare time he enjoys skiing, fishing, playing golf and baseball, traveling and listening to music. Mr. Montoya, who has been married for ten years, plans to return to college to earn his master's degree.

His wish for his students is that they will develop a solid background in science. He plans to continue providing opportunities to everyone through new and varied experiences.

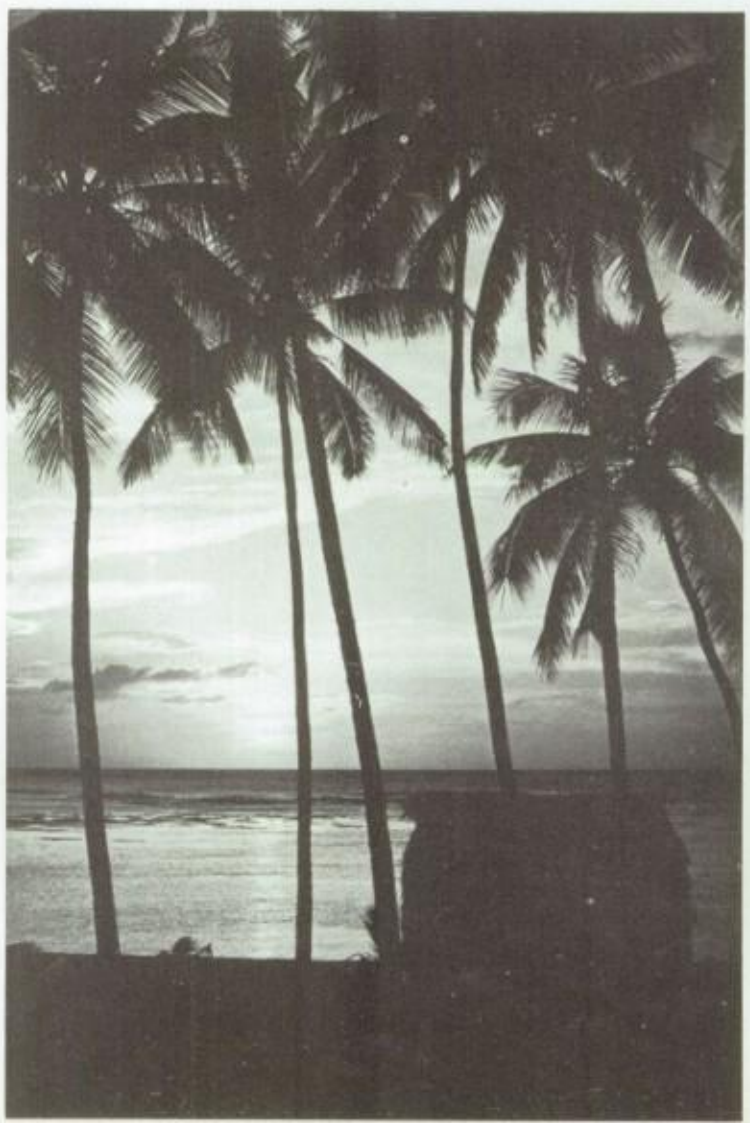
My goal is to cycle and jog several miles a week and to do aerobics at least twice a week. When I cycle, I put my toy poodle in a snugglie baby holder and strap her to the front of me. She enjoys cycling as much as I do. I also love to ride horses.
— Ms. Penny LeVitus

Ms. Mary McElroy enjoys writing poetry. The following poem was written in her senior year of high school while she was taking chemistry and math analysis.

A B C — Easy as 1, 2, 3?
Personnages litteraires,
Use compliqué vocabulaire.
But one with a mathematic tête
Insists upon the alphabet.
For numbers such as 1, 2, 3
He uses letters — a, b, c.
An arrow, ordinaire to me,
Is ray OP or vector v.
A period to untrained eye,
Is actually the point x, y.
And everybody knows, you see,
That r is just one half of d.
To see if someone's words are true
One must employ a p and q
And going round in circles, he
Will find that π times d is c.
These mathematicians have a yen
to say, "For any number n . . ."
And all their students heave a sigh
When, classically, they speak of π.
For alpha, beta, theta, xi
Are all so strange, they're Greek to me.
All those letters, A thru Z,
I've reached the boiling point (BP)
Oh — naturally — degrees in *C!*



One of Mrs. Susan Wong's hobbies is traveling. Each summer, she tries to travel somewhere for several weeks. She has traveled to the East Coast, Hawaii, Alaska, Canada, England, Scotland, China, Hong Kong, Spain, Italy, France, Belgium, Switzerland, Germany, Austria, Portugal. Ms. Wong also spends one week in Yosemite National Park each winter with the Y. B. Yosemite Institute Program. Ms. Wong feels that each place has something unique to offer. Here are some things she enjoyed about a few of the places she visited:

Alaska — beautiful open country and lots of water
Scotland — Loch Ness monster and beautiful rolling hills
Hong Kong — shopping for jewelry and good seafood
Spain — fine leather shoes and outdoor cafes
Belgium — best chocolate in the world
Austria — music and horse drawn carriages
Hawaii — warm sun, sand, and unusual flora and fauna

I am charter member and past president of the Schala Cantorum. This is my twenty-first season of singing with a very fine group of musicians. We present four concerts a year. Our main concert location is the Flint Center in Cupertino. However, we have sung with the San Francisco Symphony in the Symphony Hall in the city, with the Peninsula Symphony at the college of San Mateo, the Oakland Symphony at the Center for Performing Arts with the San Jose Symphony, we've sung in St. Mary's Cathedral as well.

— Ms. Colleen Watson

Mr. Peter Baring enjoys restoring older automobiles. He feels that one of the biggest investments you can make is in automobile. He says that the value of an automobile will deprecitate rapidly in the first five years, but after twenty or more years it will begin to appreciate in value. Therefore, he recommends that people consider restoring older cars (pre-1968) and watch their investments grow. The car in the picture is a 1957 T-Bird.

I have been snow skiing for twelve years. I try to get up to the slopes every other weekend during the season. It can get expensive, but it is a lot of fun and great exercise.

When you get up to a ski resort, you are up there with other skiers that have only one thing in mind — enjoy the snow. Ski people are friendly people, and it is enjoyable to be around them. It's a great escape!

— Mr. Dan Campagnolo

I am in the process of building our own home in New Mexico. It will probably take two to three years, but my wife, kids and I plan on doing all the work ourselves. It has been our dream.

Also, I have owned some rare and expensive cars. Currently, however, my family and I are building a "Hot Rod;" a '72 Vega Station Wagon with a 383 Hp. V8, Turbo 350 Tranny. Weird but fast!!!

— Mr. Victor Maestas

It was through my being forced to work with the cheerleaders at Woodbridge Vo-Tech High School that I decided to learn gymnastics. Two years later, my college alma mater hired me to be one of the co-coaches of their university cheerleading squad. Not only did I travel with the team to the many big universities in the East, but I also lined up another job teaching little kids the basics in floor exercise in Princeton, New Jersey. This all may not sound too interesting, but I sure did have fun!

College or Immediate Work?

It isn't easy to skip college in a society that puts such a high premium on a college education — as if everyone who goes to college is smart and capable, and everyone who doesn't is not. *That, of course, is silly.* College — like a hitch in the service — gives students the time and place to learn responsibility without having to be completely responsible, and the chance to make new bonds, so they can separate from their families more easily. It also buys them four years of good times, so they don't feel rushed to make early decisions about marriage and parenthood, and perhaps make lifelong mistakes. And, for many, that's about all it does.

A college education doesn't guarantee knowledge or training or success — nor does the lack of it block interesting careers.

There are thousands of people who haven't gone to college, from contractors to stockbrokers, but every job requires an apprenticeship. That's when your mettle is tested. The people who get ahead, whether they go to college, join the service or go straight to work, all have the same qualities — and so can you. They have a positive attitude. Look for the job that suits you, not necessarily because it pays the most, but because it's the most interesting, challenging one you can find.

Pride in yourself goes hand in hand with pride in your work. And neither needs a college degree.

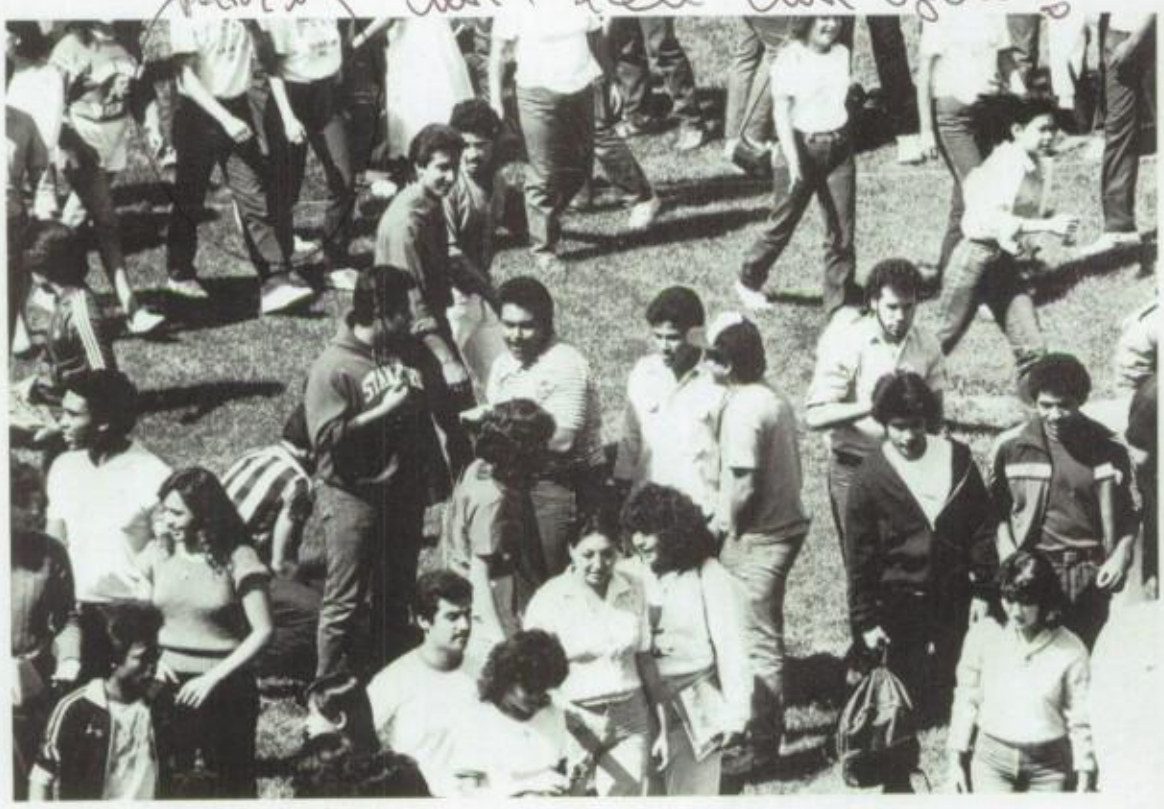
Top Jobs in the Future

College graduates still have an advantage over other workers. They are more likely to be employed and to hold the highest paying jobs.

Many jobs that now do not require college training may do so in the future. And a college education is also an advantage in getting promotions.

An associate or bachelor's degree can expand your horizons by opening up many careers to you and by giving you new opportunities for learning and personal growth.

Occupations expected to grow faster than average in the next decade include: (1) Electrical & Mechanical Engineers, (2) Computer System Analysts, (3) Computer Programmers, (4) Occupational & Physcal Therapists, (5) Nurses, (6) Dieticians, (7) Health Care Administrtors, (8) Accountants, (9) Kindergarten & Elementary School Teachers, (10) Lawyers & Paralegals.



Patricia can't tell can you!

Maricela Avila I'm leaving my thanks to all my friends who made these years enjoyable. All my giggles to Frances and Celia. I will miss you all.

Renee Anne Carlo To my big head friend Dianne Castor I leave all our funny memories. To all my other friends, also our good good times! To my sister all the teachers!

Dianne Castor To my pals Stacy and Renee, I leave you my singing voice. To the swim team, my cap and goggles. To Y.B. thanks for four great years!!

Robert DeLaCruz To all my friends the love and care you showed me will last forever. To the class of 86: continue the good job. 1985! Always and forever!!

Mindy Garcia I, Mindy Garcia, leave my spirit, wuv, and enthusiasm to Cindy and Janice, my tardies to Mr. Rocha, my thanks to my son Paul for the great memories. Thanks 85, We'll live forever.

Angela Holmes Strength to Darell Hayes to get up in the morning on his own for school next year.

Tong Lengsavath To mom and dad, I would like to thank you for all the love and support you have given me. I love you. And to all my friends, I wish you the very best in your life.

Dyana Lynne Nix I hereby will all of my school books, pens, pencils, erasers, white-out, and all other miscellaneous school items to my sister Terry. All these things I will away to her with the exception of my trusty tape recorder. That I will away my good friend Sharis. You're going to need it, kiddo!

Lina Pelayo To Mr. Harrington and Mr. Maestas, you taught me the most. I express my gratitude by dedicating a song which says it all "To sir with love."

Nusrat Qadir I leave Nighat Saleem and Nhat my luck, wonderful teachers, and love. I leave the baby Warriors all the spirit I had with the class of 85. I leave my friends now, but they will always be in my heart.

Susan Racz I will my last 50¢ to Lisa for her favorite candy bar. Thanks, Maria, for all the fun times this year. Good luck to all my friends and to the class of 85!

Veronica Santa Cruz I will all my school materials to all of my lower classmates. I thank all of the teachers who helped me get through these 4 years. I also wish my fellow classmen the best of luck in their future. Thanks a lot Class of "85"! I'm going to miss you all!

Donny Smith I'm leaving my perfect attendance to Bertha Robles, my art drawings to Mr. Mora. Good luck to the Class of 86. Also I will my basketball shoes to Christina and to Ray my 85 percent shooting from the free throw line.

Gui Tiscareno I leave Y. B. with many good memories. If it weren't for all my teachers and friends it would have been 4 long years. No doubt 85 is live!

Lisa Lee Ramoz I leave my unused locker AND old books to my friends in the quad. Hey, someone call up Mario or Maurico and let's go to stargaze! God, it's not the same anymore without the old gang! Class of 1985 forever! I'll miss you, Becky.

In order to insure themselves of being designated "most spirited class" for the second consecutive year, the high-powered juniors put many hard hours of labor into the spirit week competition held in October. Dressed up and chauffered in limos and a Rolls Royce, the class of 1986 was the hard act to follow. A tremendous show at the Homecoming game sealed a junior victory, and it also set the tone for the year. The Juniors are the class to beat!

With the help of their advisor, Mr. Roselli, the Juniors collected a huge number of cans for the Jack Emery Food Drive that is held every December. They had very successful fundraisers, which included a candy sale and an "End of the Semester" Dance.

While this year was an extremely successful one for the Class of 86, next year, our Senior year, will be even better!

A Loatian Student's Statement

It must be hard for an American kid to imagine how different everything here is to us. Even everyday things like carpeting on the floor were a novelty to us at first. The differences in our lives here are sometimes overwhelming. I had never watched television until I was 12 years old. Now I'm learning to program computers. Our life in Laos was very simple. We ate what we grew, we wore what we made, we lived in what we built. Before the Communists took over, there was no government intrusion in our lives. America is so different. We can't be self-sufficiant here. And there are so many laws — laws about work, laws about school, laws about fishing, even laws about where you can bury your relatives.

American teenagers are very different from teenagers in Laos too. They seem much older. They don't seem to have as much respect for their parents, teachers, and grandparents. Sometimes I think they don't realize how lucky they are to be living in America and to have all the things they have.

I miss the mountains of Laos. I miss the peaceful life I had there before the soldiers came. I miss my friends. I miss hunting birds and fishing. I miss my house and the animals we raised. Most of all I miss the clean air and the open space. Even so, I do not want to go back to Laos. I do hope, though, that my old country will someday know peace; I hope my new country, America, will never know war. And I hope that my family will never again experience hunger or the loss of freedom.

Jeffy Baby
you're too cool I'm glad I got to know you. You like to sweet talk the girls which is giving me a little competion, but I'm not worried about 'cause I'm cuter, Maybe this summer we'll get fucked up and pick up some girls.
KIT 295-5544 Ricky Faria
To Jeff,
my homeboy. a talented football and baseball player I met my freshman year. Sure am going to miss all the good times here at Y.B. Have a fun and safe summer.

This year's Sophomore class dashed to a great start. Although they placed third during Spirit Week, they deserved much credit for their hard work and desire to succeed. With the help of class advisors Mr. Mora and Mrs. Fernandes the Sophomores began to put much preparation into future activities, such as FANTASTICS, where the Class of 87 did well. We all are looking forward to next year.

U.S. Service Academies

In considering colleges, it may be wise to keep in mind the five U.S. service academies (Army, Navy, Air Force, Merchant Marine, Coast Guard). Matriculation at an academy is no picnic, and five years of active duty are required upon graduation, but one gets an excellent education with virtually all costs paid. For some students that's a good deal. Nomination to the academy is a complicated process, and may involve some jockeying for position. Each senator and representative controls five places in each academy; as a place falls vacant, the member of congress may nominate up to ten candidates to compete for it. Some members choose to nominate a principal candidate and alternates; others submit a list of ten candidates, leaving the decision to the academy.

If you are interested in attending a service academy, start investigating and applying during your junior year — it is too late by the time you are a senior.

Community Colleges

The seven community colleges of Santa Clara County have something for everybody. In the middle of the Sahara Desert you might have an excuse to run away from a future, but in this valley it's impossible. It's an oasis of educational possibilities. You are not limited to the academic. Do you want Animal Health Technology, Horticulture, Landscape Maintenance, Horseshoeing, Park Management — you got it. If that doesn't satisfy, how about Advertising Art, Broadcasting, Ceramics, Interior Design, Music, Photography, Accounting, Fashion Merchandising, Carpentry — the list goes on and on and on . . .

Get excited about your future. If you don't, nobody else will. You can't say that the possibilities aren't there.

Testing — Always With Us

If anybody tells you differently, check and see if his home address is Mars. We take placement tests to see where we should be in English and Math. We take the CAT to measure our ability. We take the CAP to measure the school's ability. We take the AB 65 Tests in Reading, Writing and Math to see if we have the necessary minimun competencies to graduate. If you are a junior, you take the PSAT to see how you rank with the best in the country, and if you are a senior, you take the SAT to open the door of the university of your choice.

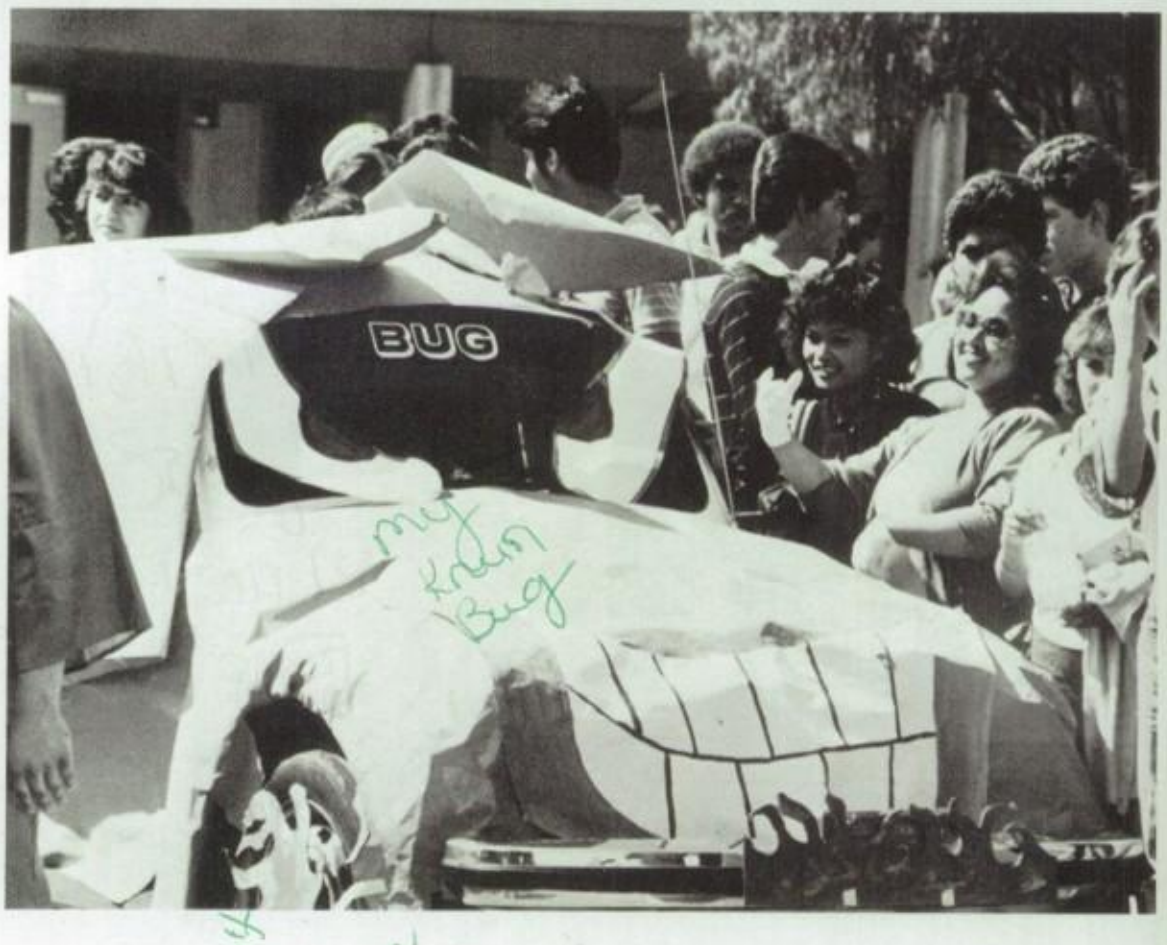
Spirit Week



This year's spirit week was the best ever. It turned out to be a very close competition between the Seniors and Juniors, right down to the Homecoming Game, which was the determining factor of the week of class competition.

The final scores were as follows: In fourth place, with 559 points, were the Freshmen, who dressed as members of the opposite sex. In third place were the Sophomores with 859 points. They came dressed as Hawaiians. The second place winners, with 1,040 points, were the Seniors. Their theme was angels and devils.

The winners were the Juniors with 1,079 points. They came dressed as classy rich people, and during lunch even limousines were brought on campus.

Congratulations to the Junior Class.

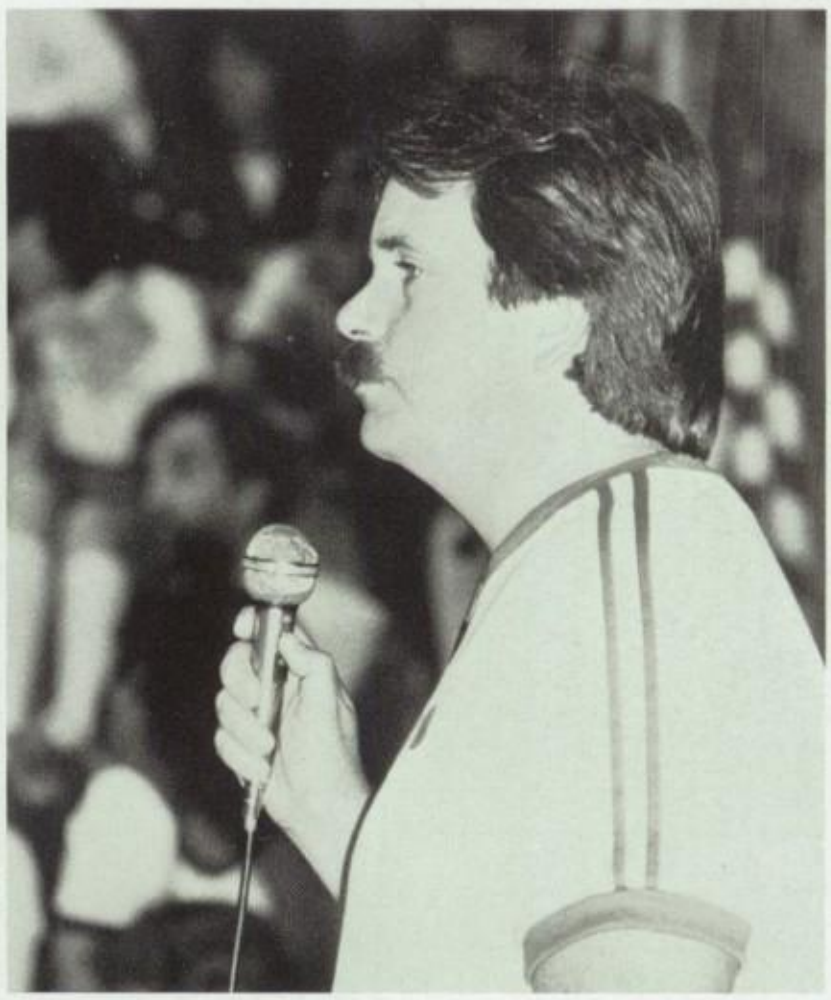
1984 FANTASTICS



One of the major events at YB each year is FANTASTICS. It is the single largest competition between classes, and usually is the final competition for the spirit trophy. The 1984 FANTASTICS turned into the most exciting event of the year, especially for the Class of "85" which came in 1st place. Their themes were Olympics and Thriller. In 2nd place was the class of "84" with the theme of Olympics. The Class of "86" with the theme of Circus performers came in 3rd place. The Class of "87" placed 4th with the theme of chefs. Congratulations to everyone for a great event!

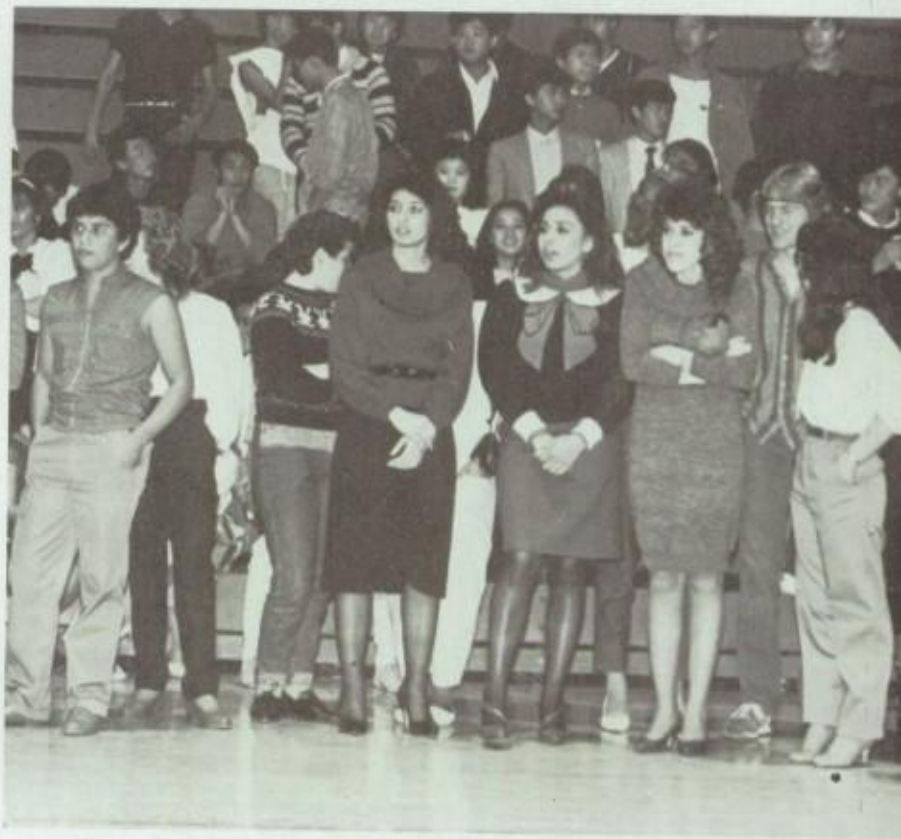
Christmas Dance



The annual Yearbook Christmas Dance was a great success. Several hundred revelers danced to the live sounds of Joe Rivera's T'N'T. The highlight of the dance was the announcement of the 1985 Yearbook Queen and her court. The Queen is Rosemary Gonzales! Her court includes Yvonne Garcia, Monica Garza, Shelley . Biscaino, and Reneé Carlo. Other yearbook Queen candidates who deserve praise for all their hard work are Diane Sanchez, Bertha Rocha and Mayble Pettit.

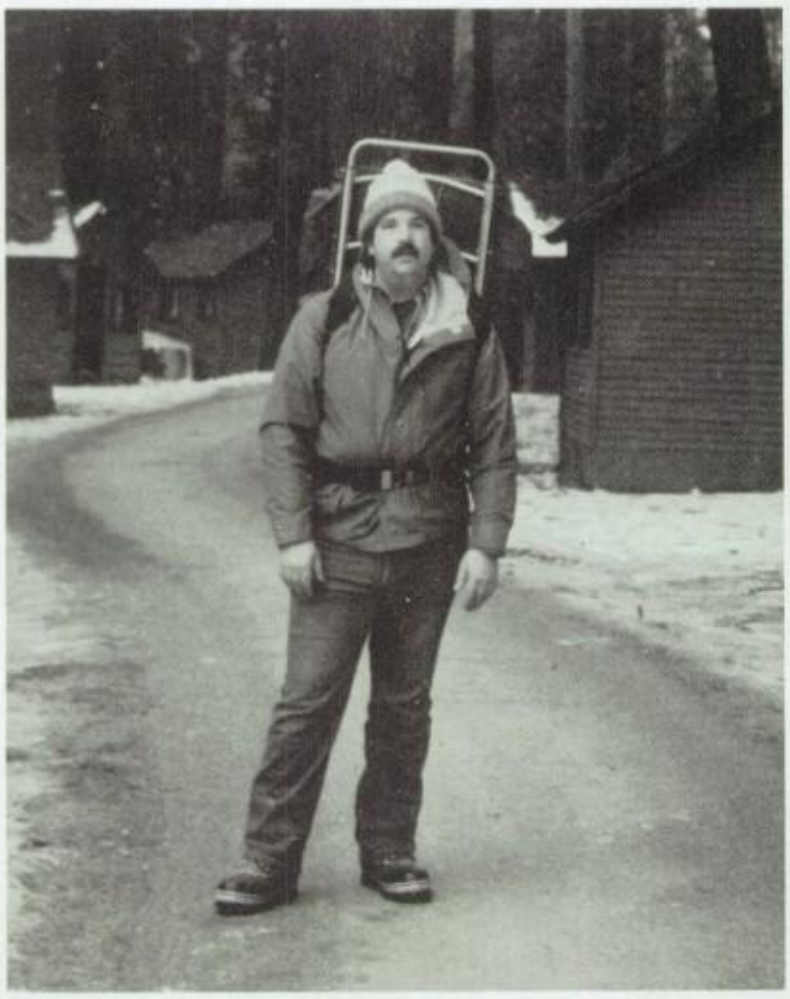
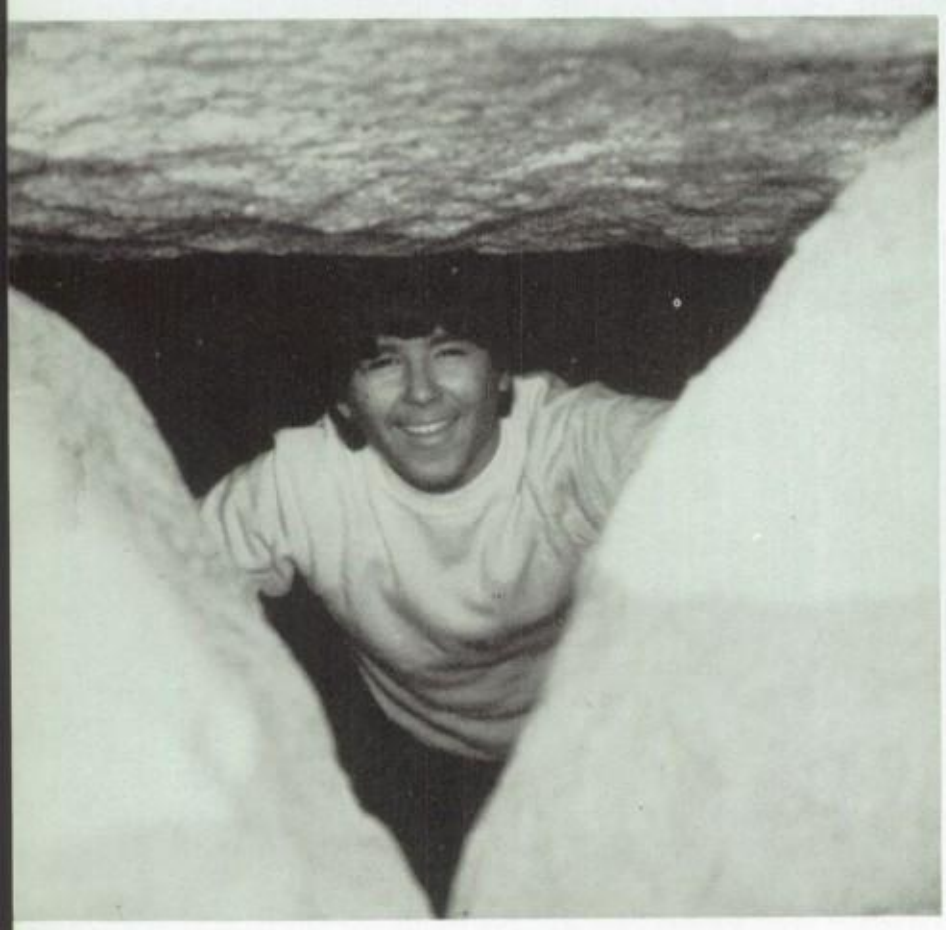
A Fun and Educational Week at Yosemite





The Yosemite Institute Program is a rare and well developed learning program. One learns about everything from Biology and Ecology to human relationships and communication. One learns how to treat nature and humans with deep respect by working with others in close knit situations.

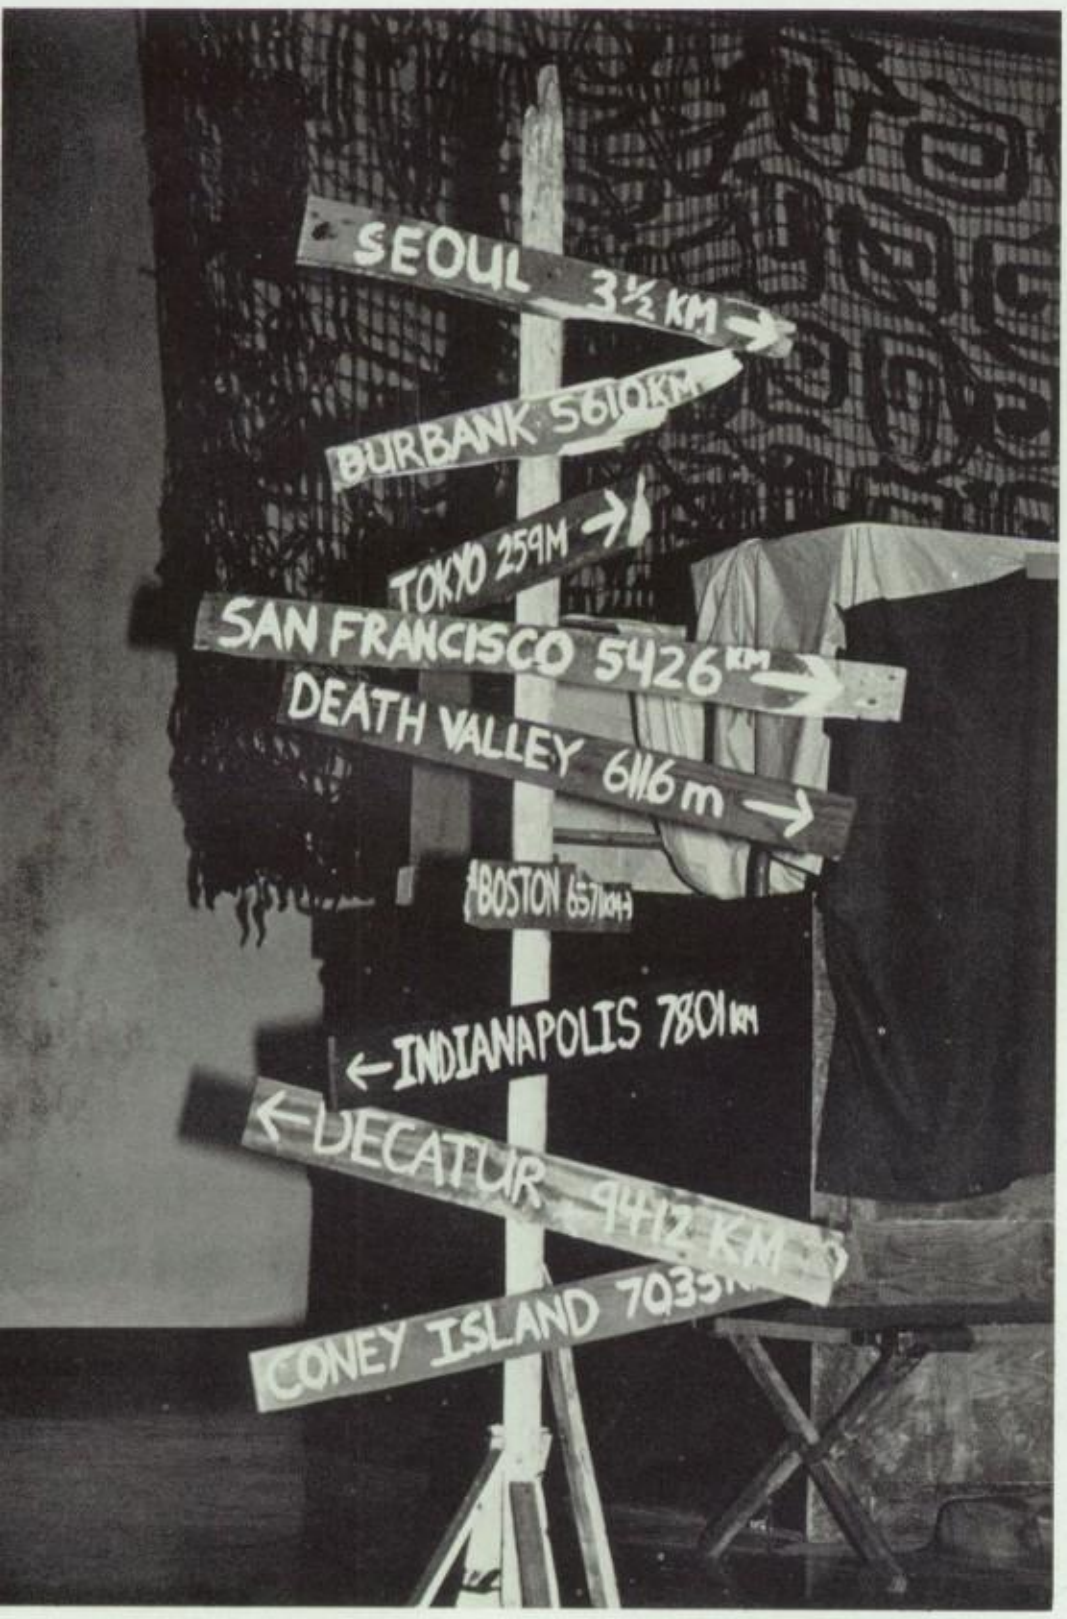
The groups are divided into three groups according to years or experience. The first year program introduces one into the basics of biology, ecology and environmental issues. The second and third year programs explore, in depth, what they learned in the previous years. All the groups get their fair share of snow shoeing, cross-country skiing, hiking, pioneer living and admiring the beautiful phenomenons of Yosemite.

The Yosemite experience is not easy to explain. The people who participate in the program experience a feeling of being a part of a big family and a big part of this world. It is a great feeling and experience. Would you like to join us for this great experience?

Christmas Fun & Good Works

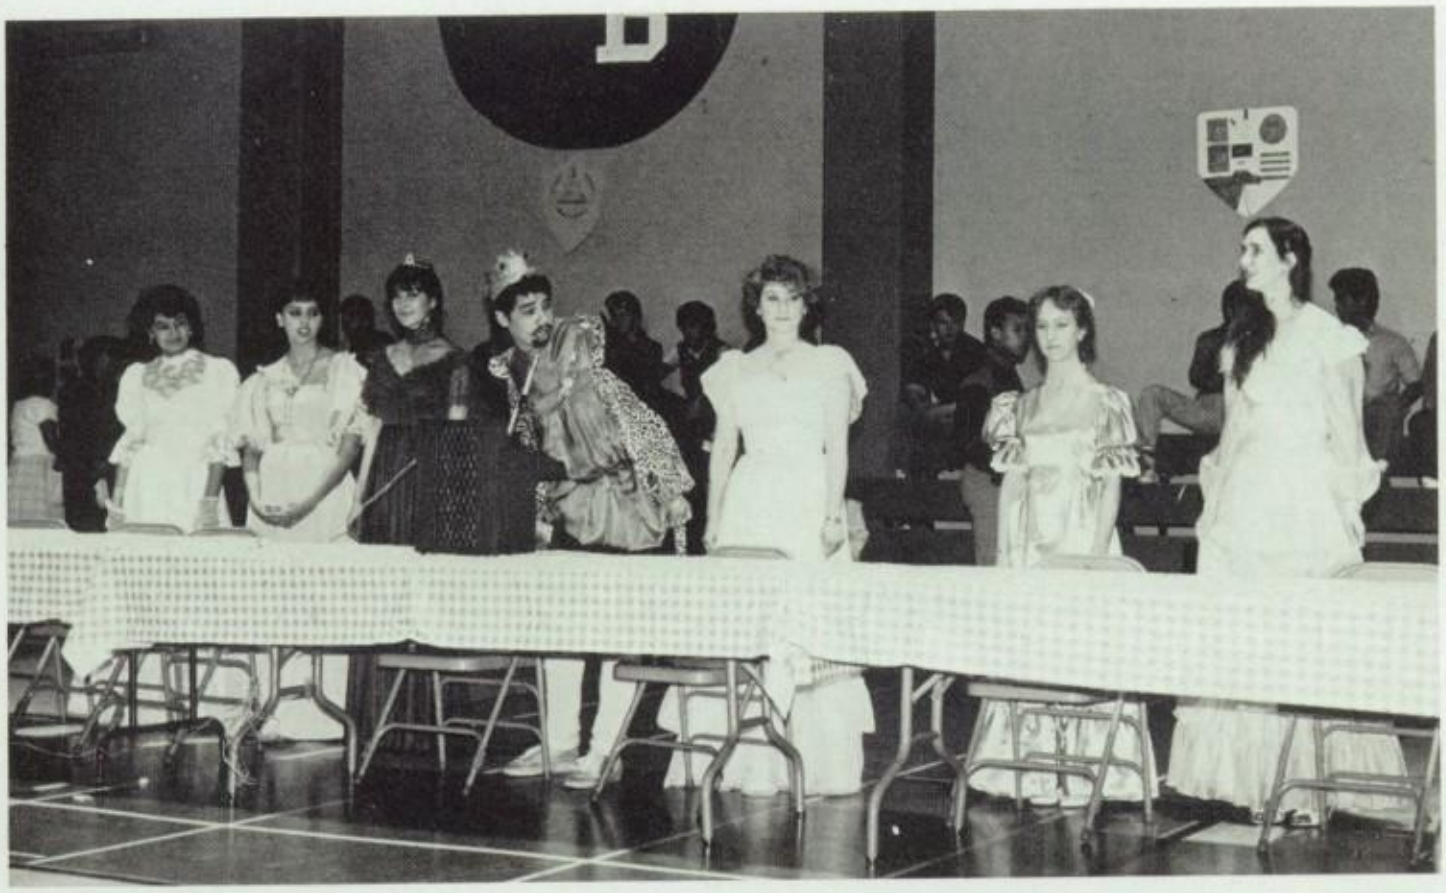
The whole campus had a festive mood a few days before the Christmas vacation. At least two Santas were on campus passing out goodies and posing for photos. The Juniors brought in the largest number of cans for the Jack Emory Drive — some of which are exhibited on the next page.

M*A*S*H



Mr. Harrington's Drama Workshop produced a successful version of M*A*S*H, the comedy/drama about the U. S. involvement in the Korean War. The set alone was the most elaborate constructed for a Y.B. Production. We all look forward to next year's play.

"An Evening at Mead Hall"



On Thursday, Feb. 21, the English Lit. Club hosted "An Evening at Mead Hall!" Joined with the English Lit. Club was International Night sponsored by the Comp. Ed. program. Together, both programs provided an evening of international dining and entertainment with a special appearance from Sir Frances Drake from the Living History Centre. Also appearing were King Henry VIII, who was the master of ceremonies. He was assisted by all six of his wives. Guests included Christopher Marlowe, Sir Walter Raleigh, Don Quixote, Saneko Panza, Liza Doolittle, and a group of pilgrims on their way to Canterbury.

Academic Decathlon

For the fourth year, Yerba Buena competed with 33 other schools in the Santa Clara County Academic Decathlon. This year's team finished in 13th place, tied with Piedmont Hills High School, also in the E.S.U.H.S.D. The only East Side school to finish higher was Santa Teresa, which finished in third place.

Y.B.'s team scored over 4000 points in the areas of Essay, Fine Arts, Interview, and Speech — breaking all previous records for Y.B. Decathlon teams.

This year's team consisted of Encarnita Pyle, Mai Anh Nguyen, Trang Huynh, Doreen Sasser, Andy Wilson, Paul Sossaman, Ingrid Ubilla, Monique Ofwono, and Christopher Mason.

Halloween Blood Drive

Y.B. Physiology students did it again!! Led by Mr. Lyter, Y.B.'s Physiology students recruited over 500 people to make blood donations to the American Red Cross for two Y.B. Blood Drives.

Most of the blood donated came from Y.B. students giving for their first time. Physiology students also worked with Red Cross staff to help gather the record 300 pints of blood donated. The Blood Drive Project proves Y.B.'s commitment to better education and communtiy service. Congratulations to Physio' '85!!

Varsity Football

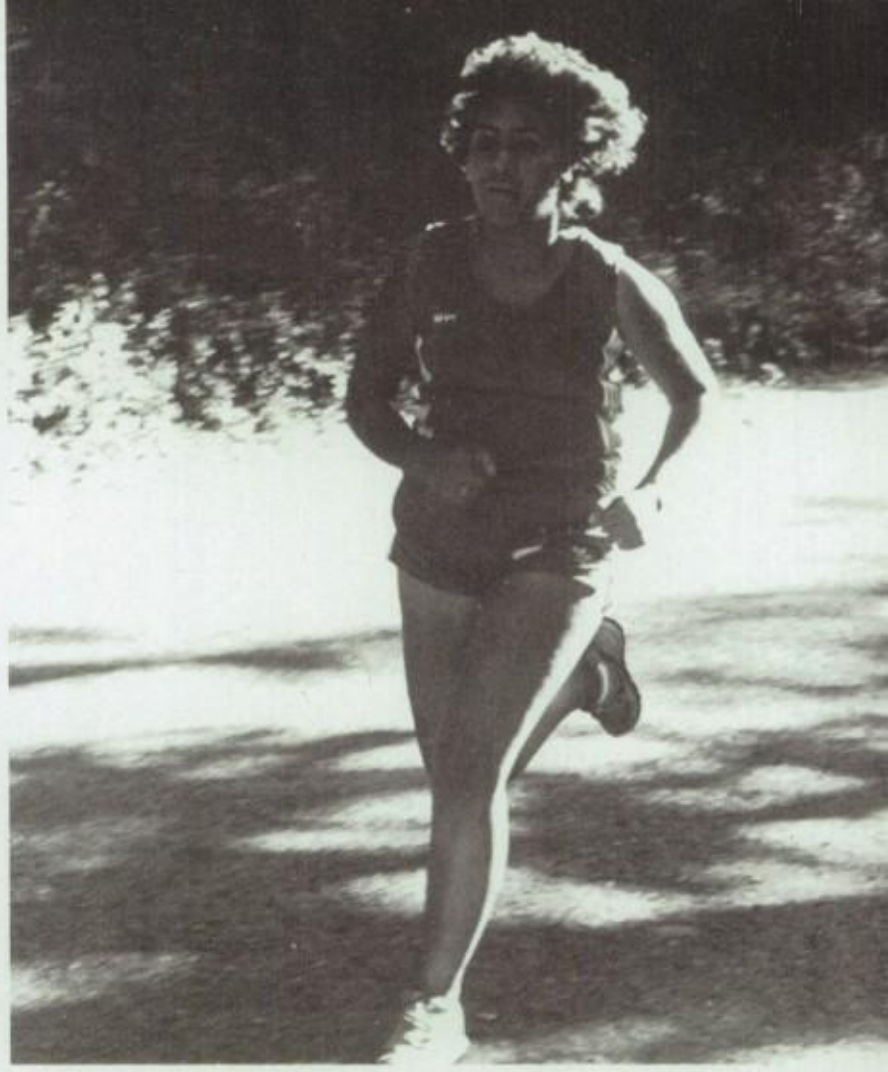
Cross Country

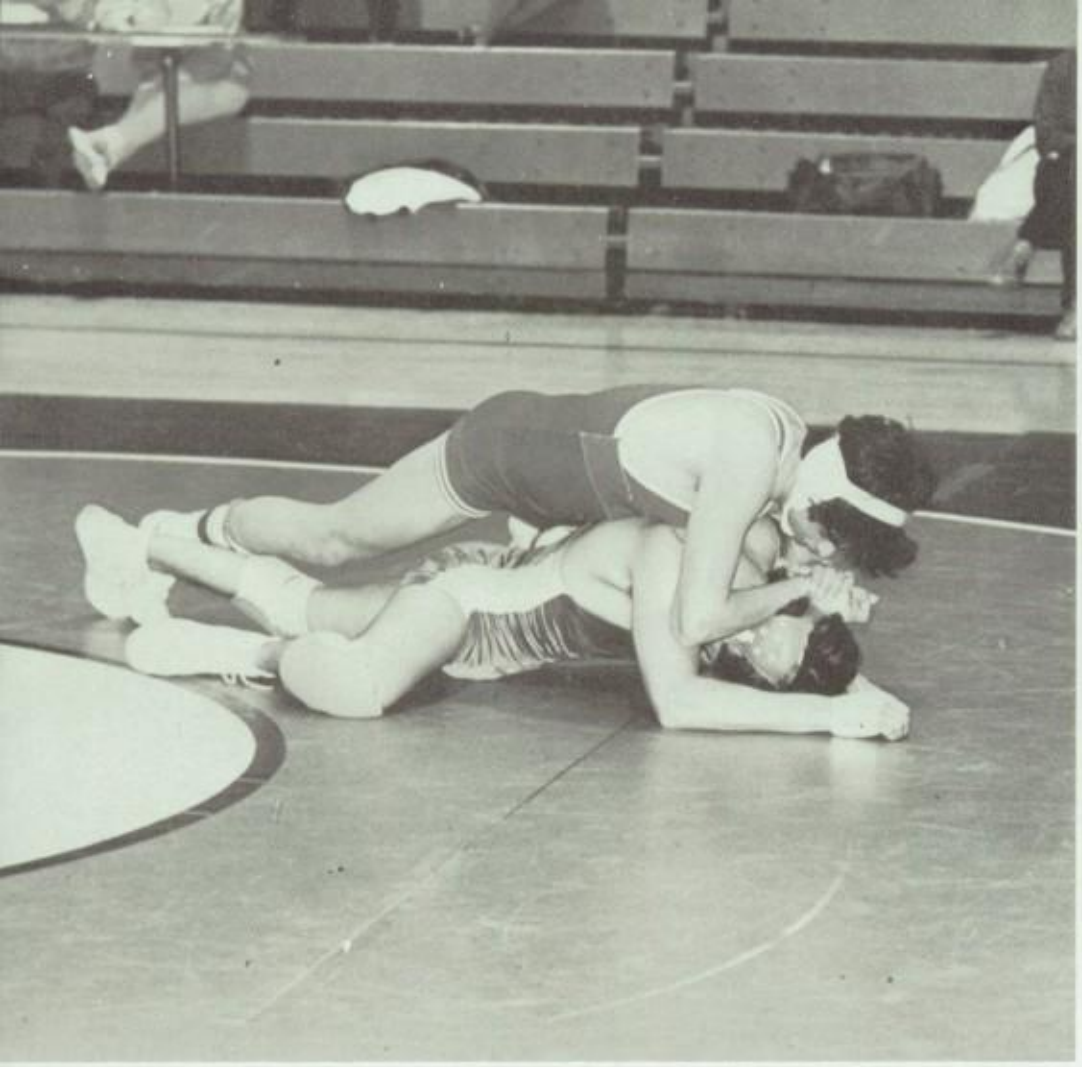


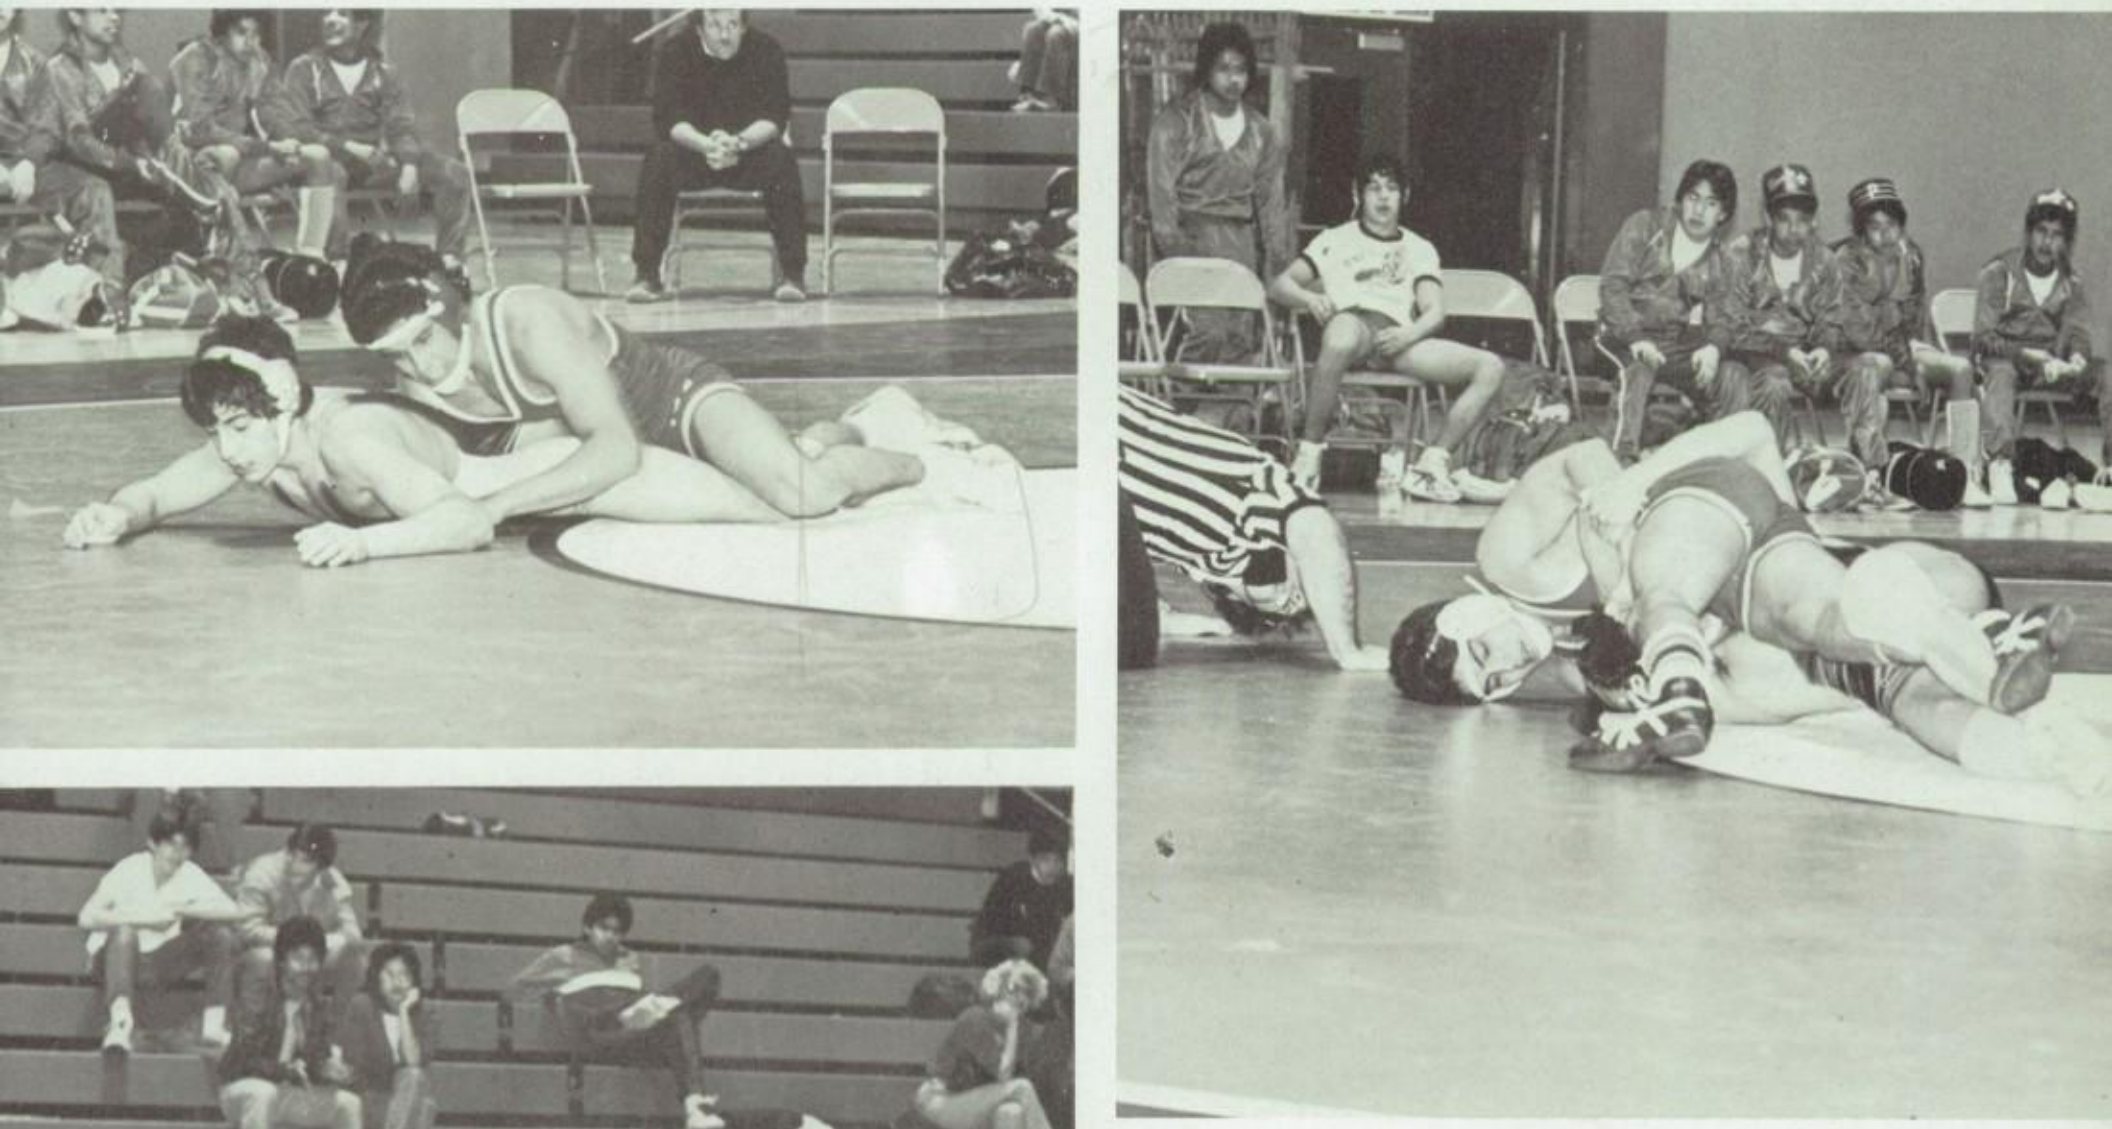
Cross-Country is an individual sport as well as a team sport competition. We have varsity teams for boys and girls. A team is complete if there are five or more members. This year we had a boys' varsity team that placed eighth out of ten teams in the league, but our girls' team was incomplete with only one individual.

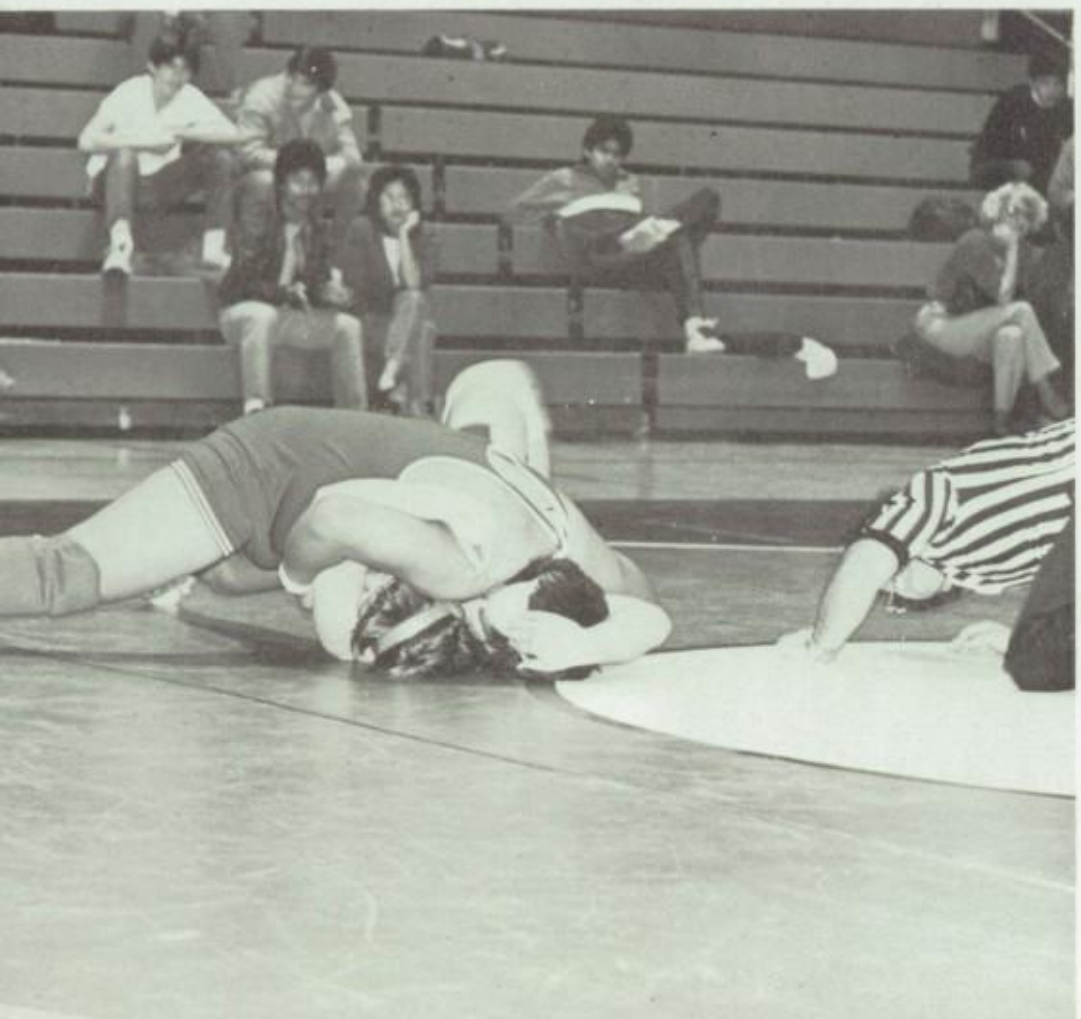
All of our league meets were held at Alum Rock Park, which is a 2.8 mile course. The challenging course consists of hills, turns, paved roads, and unpaved trails. This year we attended one invitational meet on a Saturday at Soquel High School. We made a day of it, also going to the beach and Santa Cruz board walk.

Most of our training is done near school. Our training route follows Tully Creek to Williams Street Park. Sometimes our training includes bussing to other parks or locations in the Valley.

More importantly, cross-country is a sport for any and all students, since no one is cut from the team. Everyone runs within his/her own ability. It's good, healthy exercise and competition that promotes joy and well being for those involved. Think about joining the team next year.







Varsity Wrestling

YERBA BUENA HIGH

This year's varsity wrestlers were led by veterans Mike Martinez, Patrick Ochoa, and Jose Sanchez. All three are expected to place first or second in this year's MHAL Finals and thus qualify for the CCS Finals.

Other contributing team members were Jason Soliz, Pedro Ramos, Sal Banuelos, Jaime Rosas, Moses Samarron, Silas Rodriquez, and Tony Matalavage.

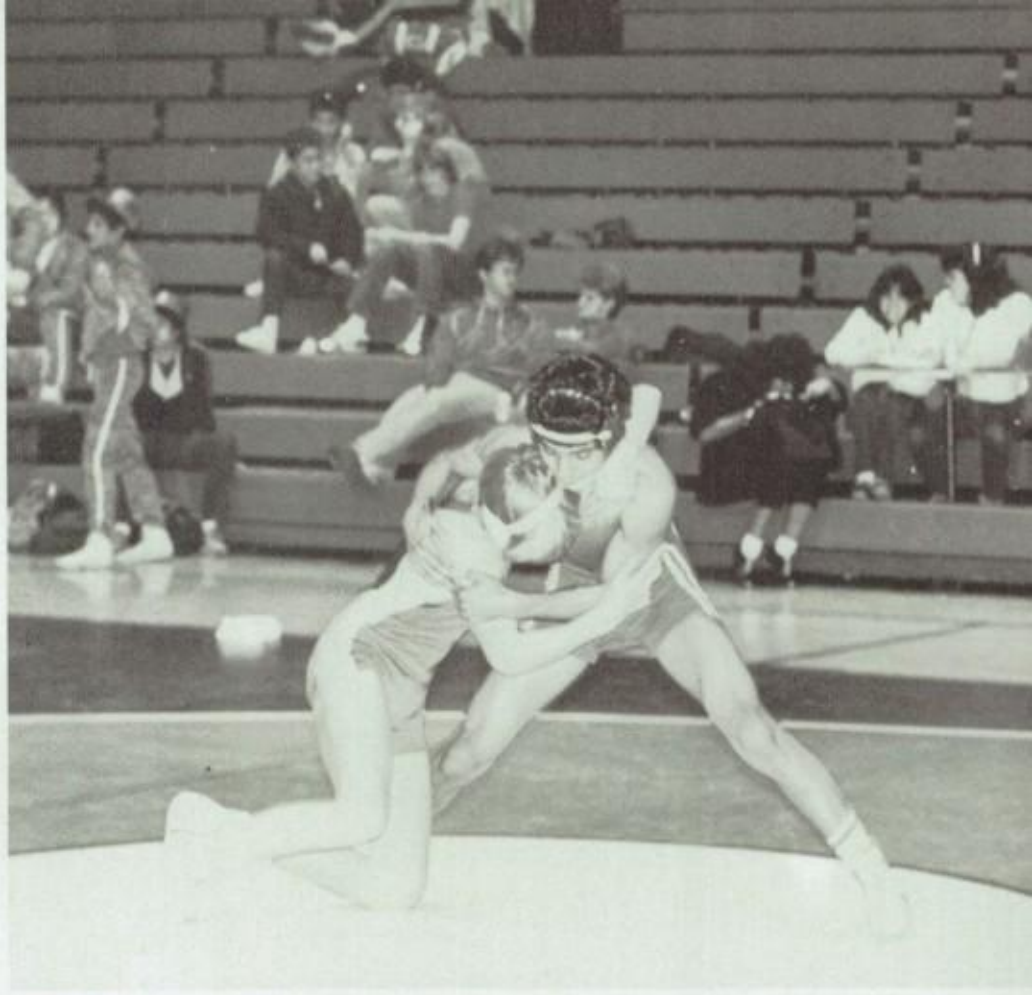
Memories . . . WCO Duel Tournament, Branham, OG, & *MSJ* Invitationals, pizza-nites, fun workouts, Martin Moe (AH Duel), and steak dinners.

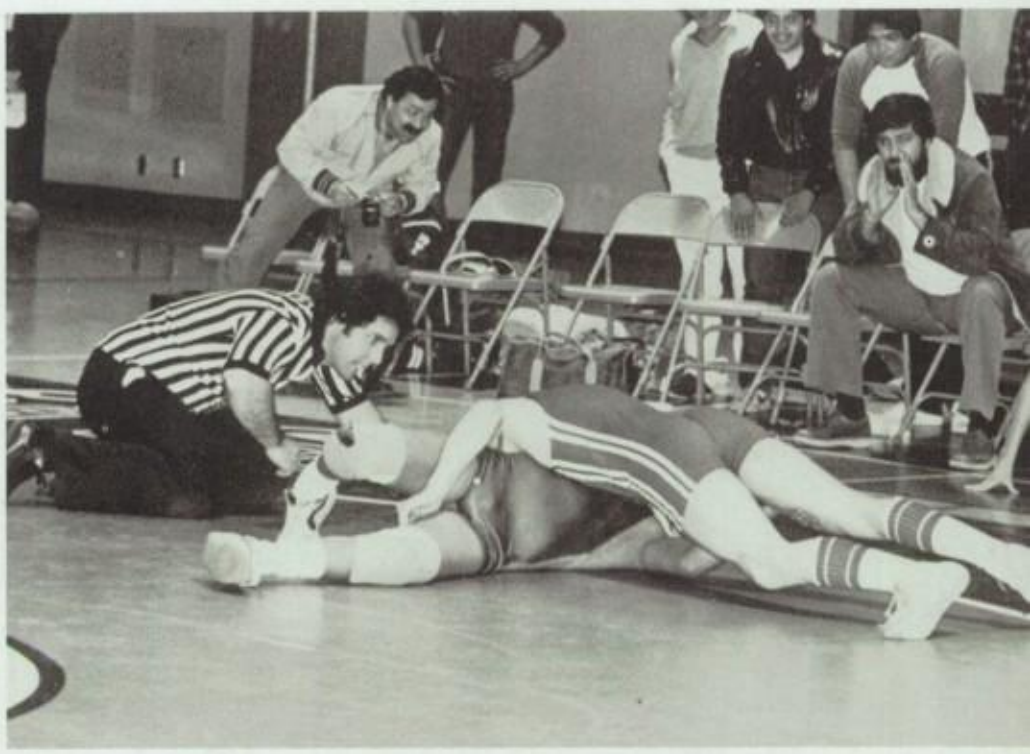
Congratulations and best of luck to all of you . . . YB Wrestlers.

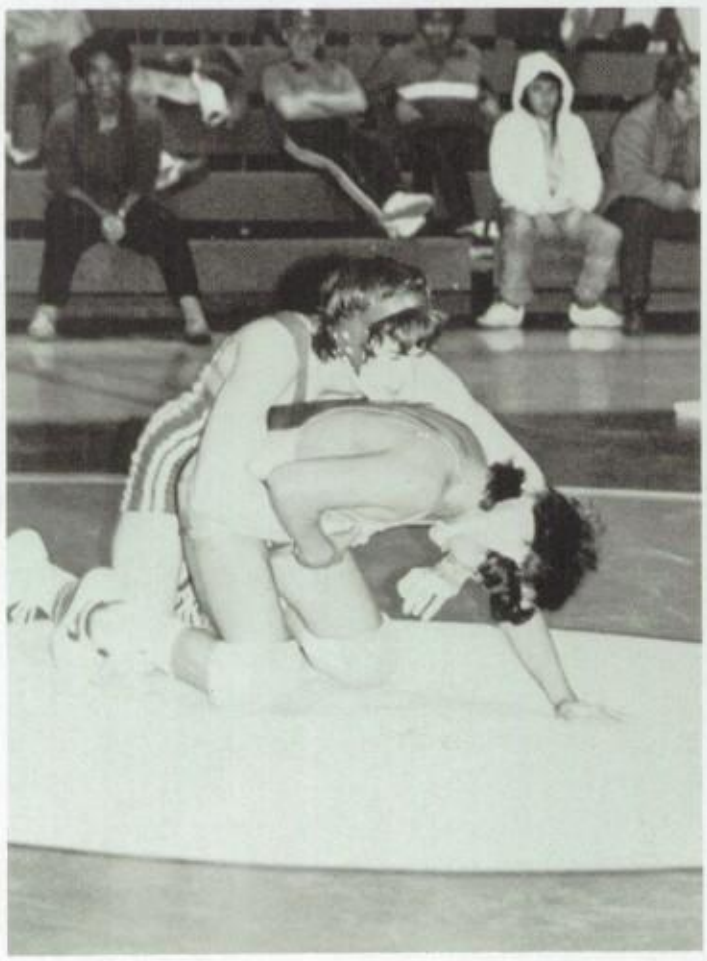
Frosh/Soph Wrestling

Yerba Buena H. S. Frosh/Soph Wrestling Team was exceptional in competing against all league schools. They managed to exell in performing their learned skills against their opponents using their skills and desire to win was the key factor to their success.

All wrestlers were outstanding but to name a few: Mario Serna 107 lbs., Javier Rodriques 128 lbs., Robert Jones 157 lbs., and Martin C. Moe 167 lbs.

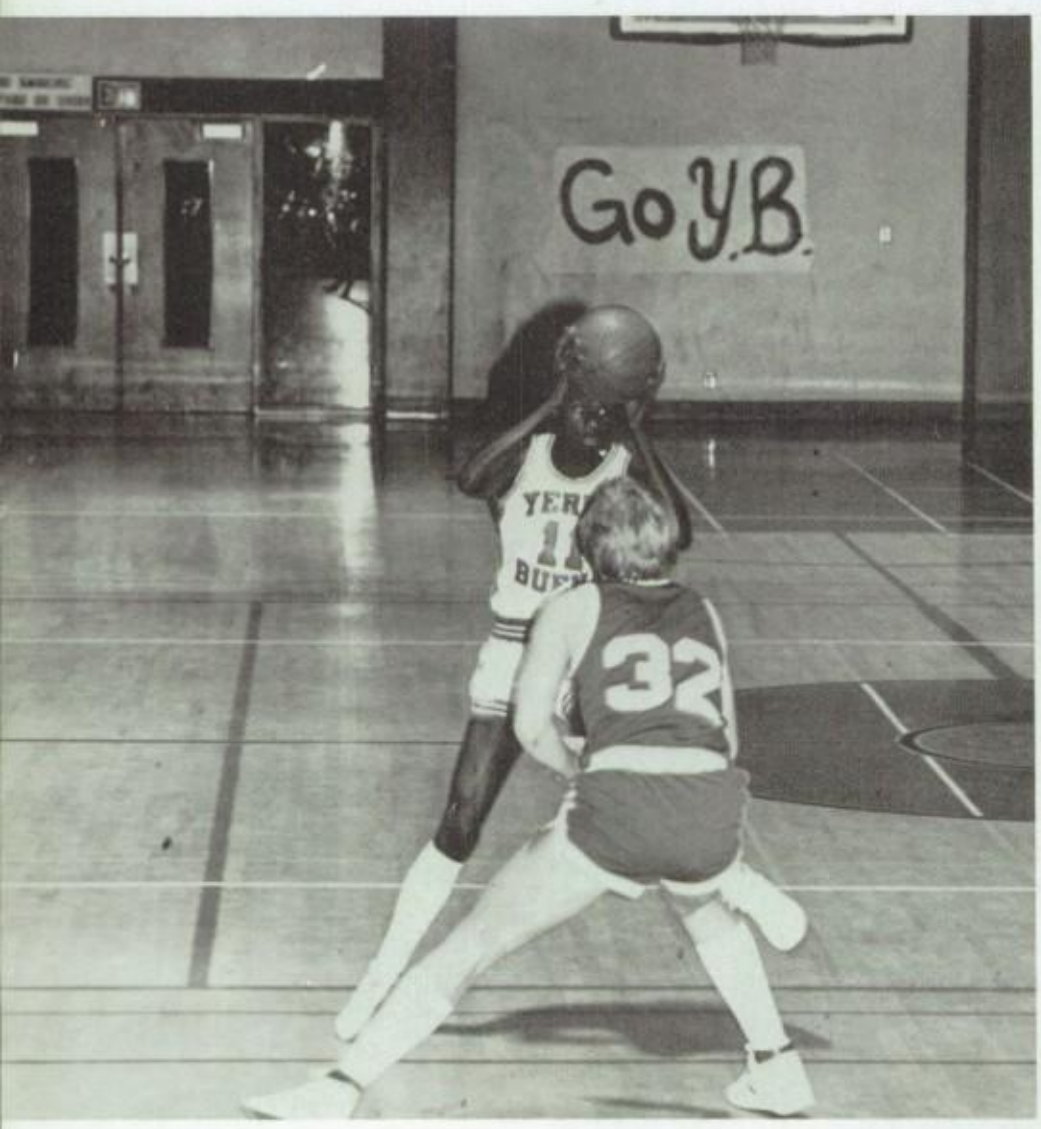






Frosh/Soph Basketball

The 1984-85 Basketball season was not a successful one in terms of wins and losses. The team suffered many hardships throughout the campaign. Ghan Legsavath, Ed Sarate, and Damon Rodriguez were leading scorers while forwards Shawn Blazius and Anthony Morris played excellent defense. These young men exhibited the courage, hustle, and desire necessary to insure a winning season next year.

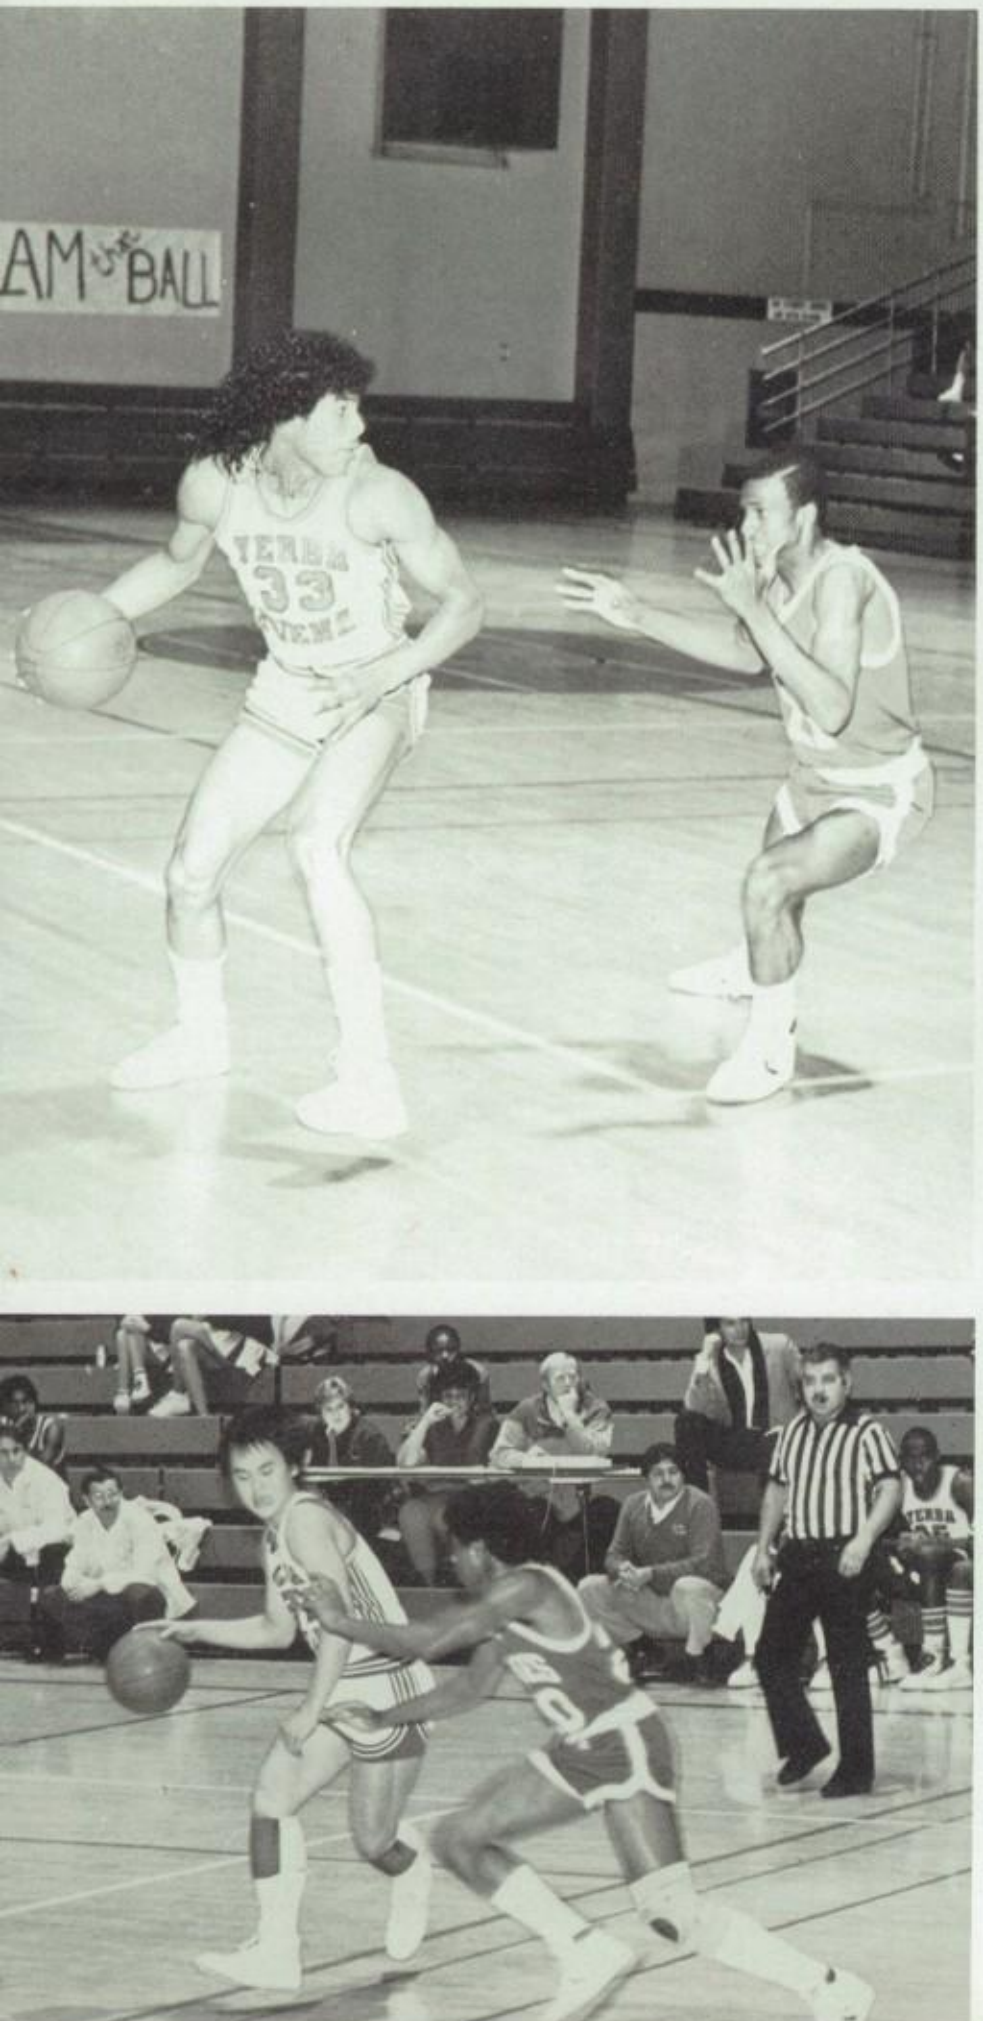


Varsity Basketball

This year's basketball team was a predominantly Senior one. Having the school's second best win-loss record, the Warrior basketball team has had a very successful season. The team took 3rd place in the Westmont tournament and 5th place in the Fremont/Sunnyvale tournament.

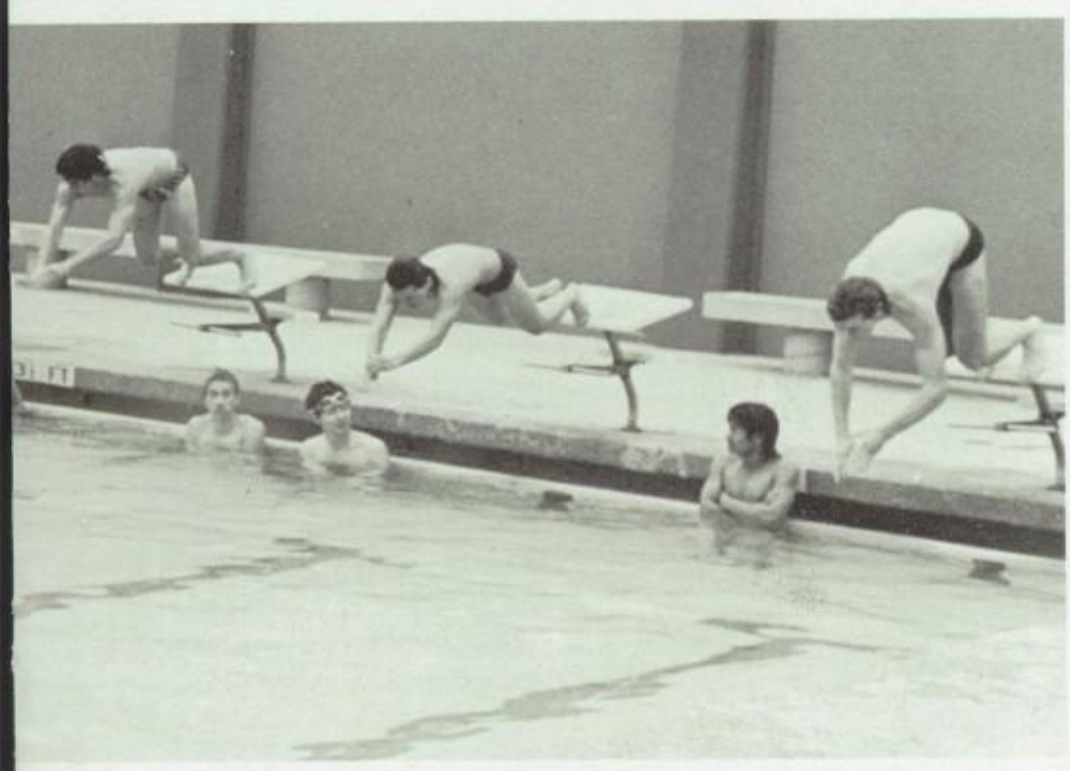
The Seniors are Bryan Moore — all tournament at Westmont, Monte Mitchell — all tournament at Westmont, Patrick Brown, Kelly Mackey, Larry Lundy, Javier Cortez, Mike Grady, Kirk Briggs, Rod Medina, and Anthony Jordan. Juniors were Nho Quach and Richard Zuniga. Sophomore Detrick Warner rounded out the squad.

At this writing, the Warriors are in second place for a playoff position.



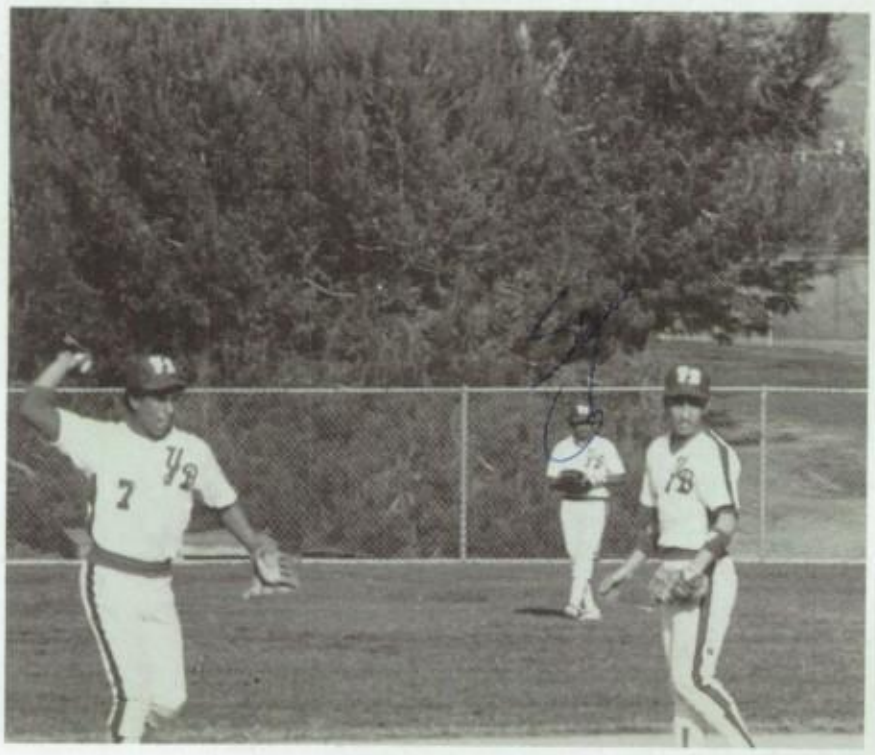
Varsity Soccer

Swimming



The Warriors are looking forward to a successful swim season in 1985, with one of the largest boys' swim teams that Y.B. has fielded in the last five years. We will rely on our depth to be competitive in the dual meets. Seniors Tin Hoang and Jerry Denny, and junior David LaBerge are the only varsity lettermen. Junior Pete Franco should be our top all-around swimmer this year. Other returning swimmers include sophomores Seng Nguy, Khoa Pham and Tuan Nguyen. First year prospects include senior Fred Sossaman, freshman Mark Emerson, sophomore Richard Algea, and juniors Long Hang, Nhan Nguyen, Truong Do, Toan Tran, and Raul Figeroa.

Varsity Baseball

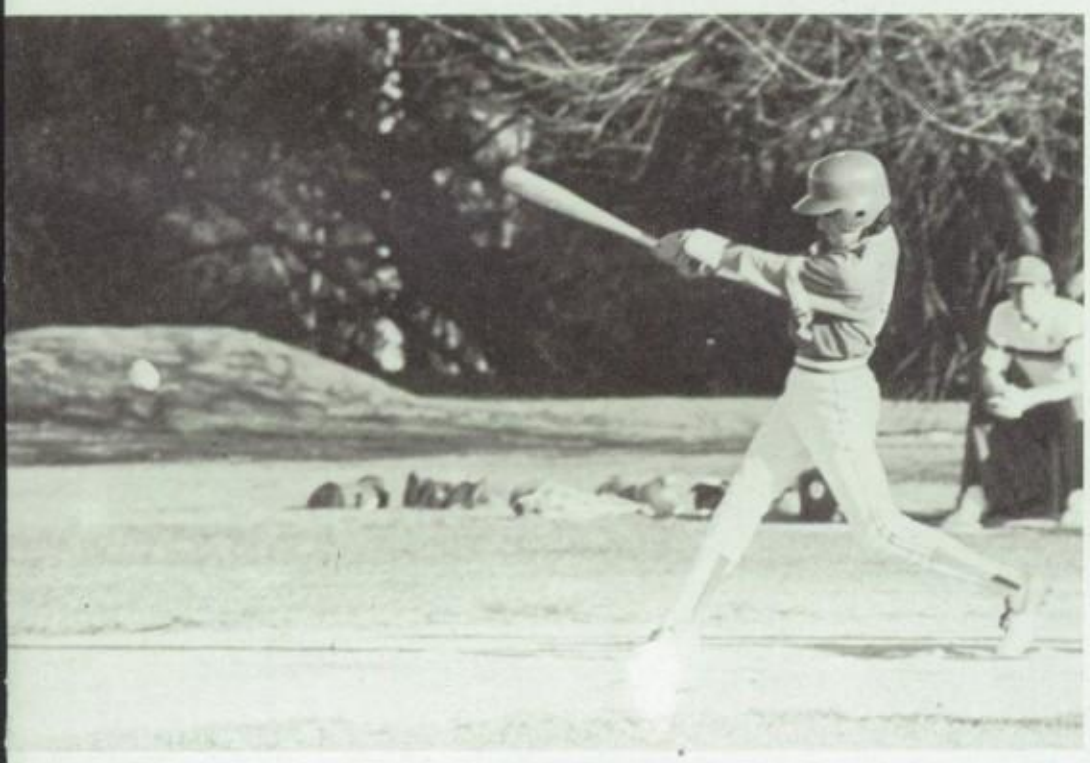


At press time, the Varsity Baseball team is looking forward to a successful season. Led by returning pitchers Mike Nunez and Bobby Cortez, the pitching staff looks to be much improved with senior Joe Pargaz and newcomer Miguel Lujan. The hitting attack will be led by returners Paul Gutierrez, Stewart Severance, Nunez, Pargaz, and Cortez. Other Seniors making contributions will be Robert Huizar and John Hernandez. Mark Perez, a Junior letterman, will play a big role in the TB defense at second base. Talented players up from the championship Frosh/Soph team are Sam Salazar, Ed Tiscareno, Jeff Charlton, and Freddy Gomez.

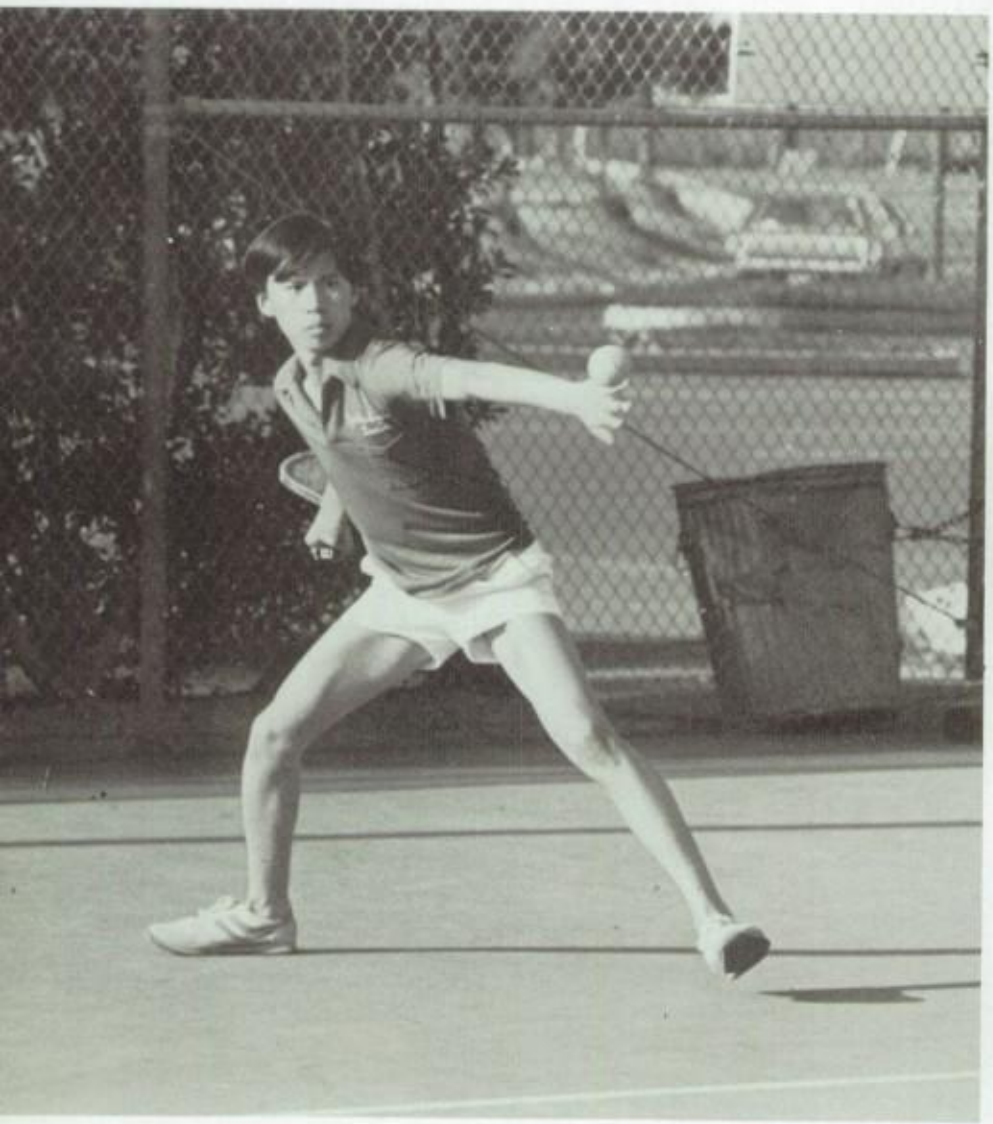
Frosh/Soph Baseball

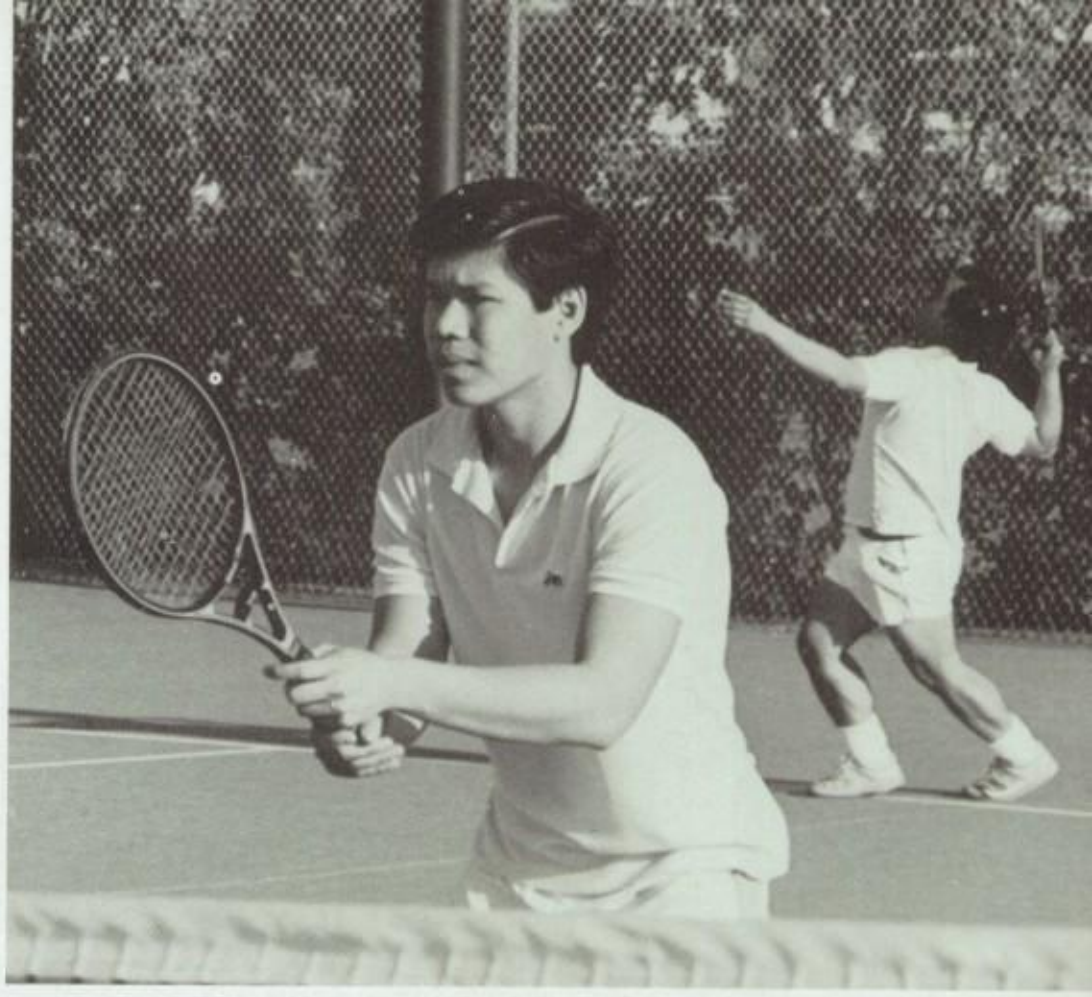
Although short on experience, the 1985 Frosh/Soph baseball team has been playing up to the standards of all Y.B. teams. Hustle, desire, and a never-say-die attitude have been the hallmark of this young team.

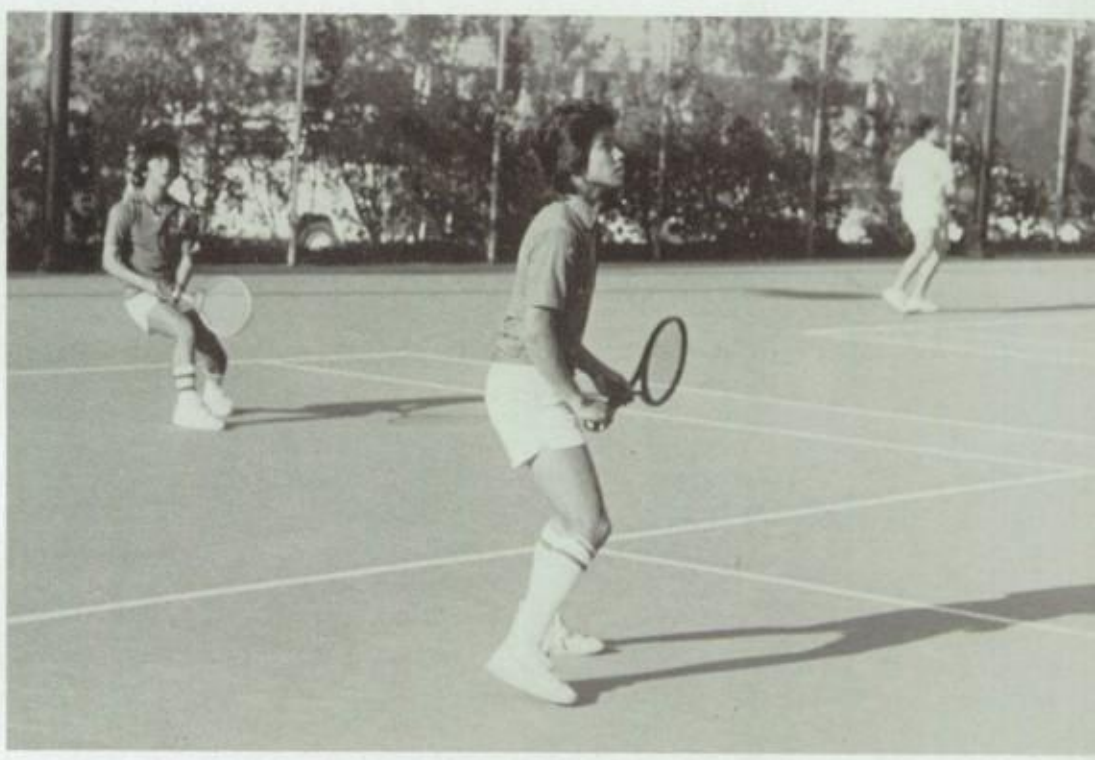
The five freshmen will do well in the future Y.B. baseball program.

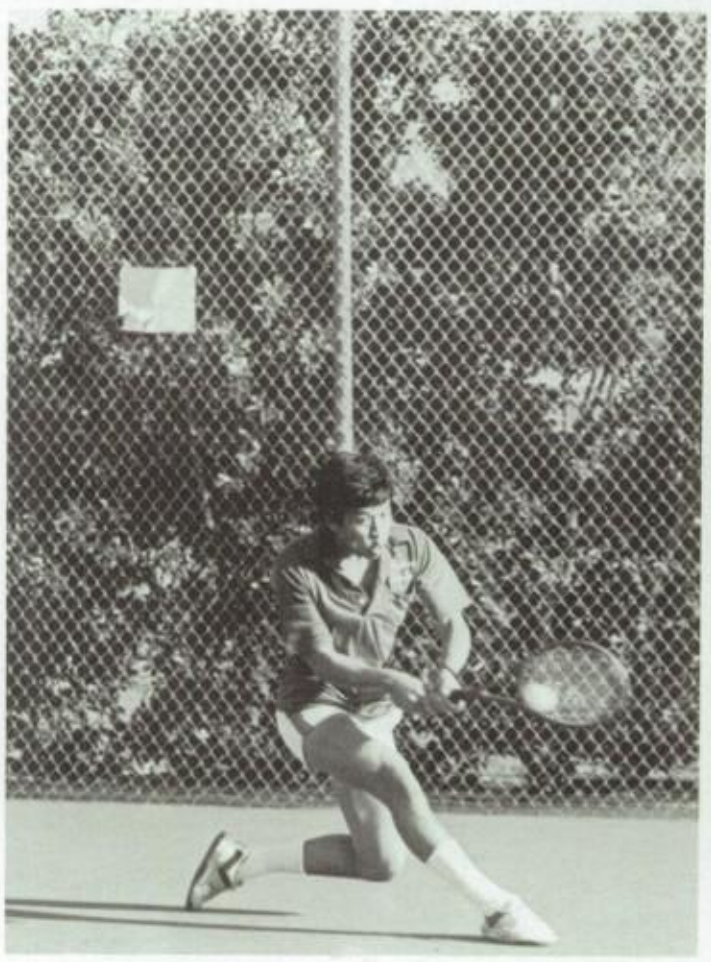


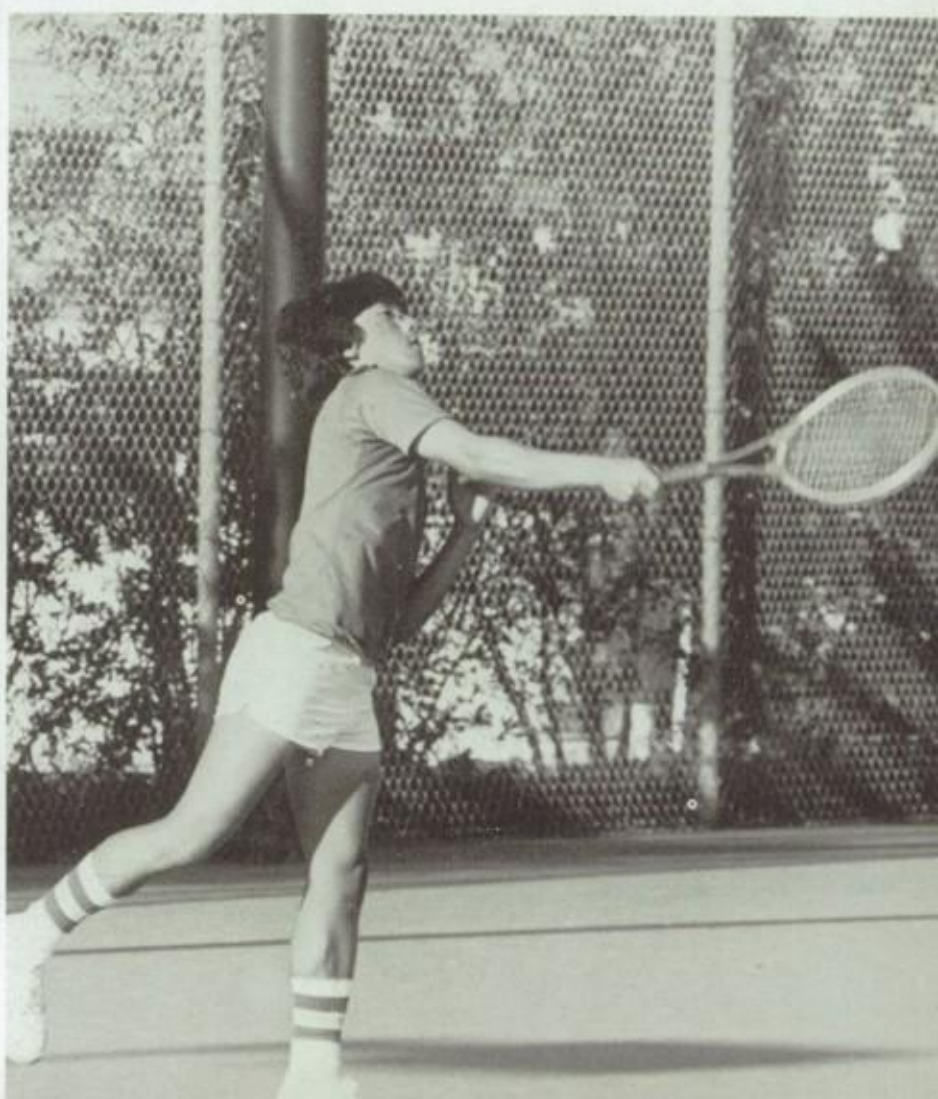
Tennis



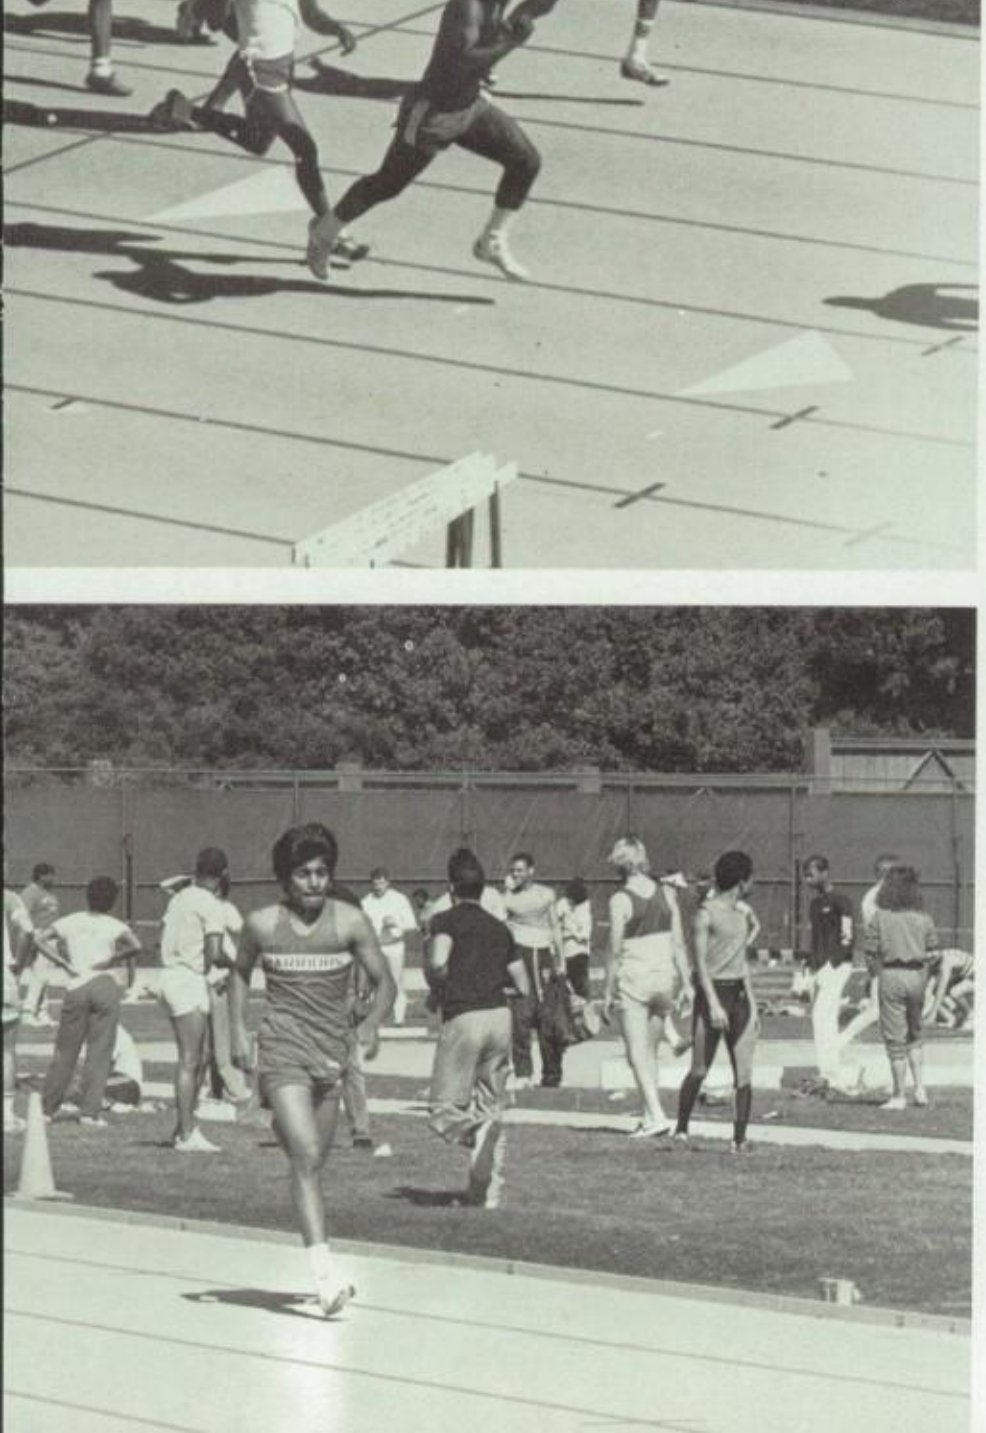


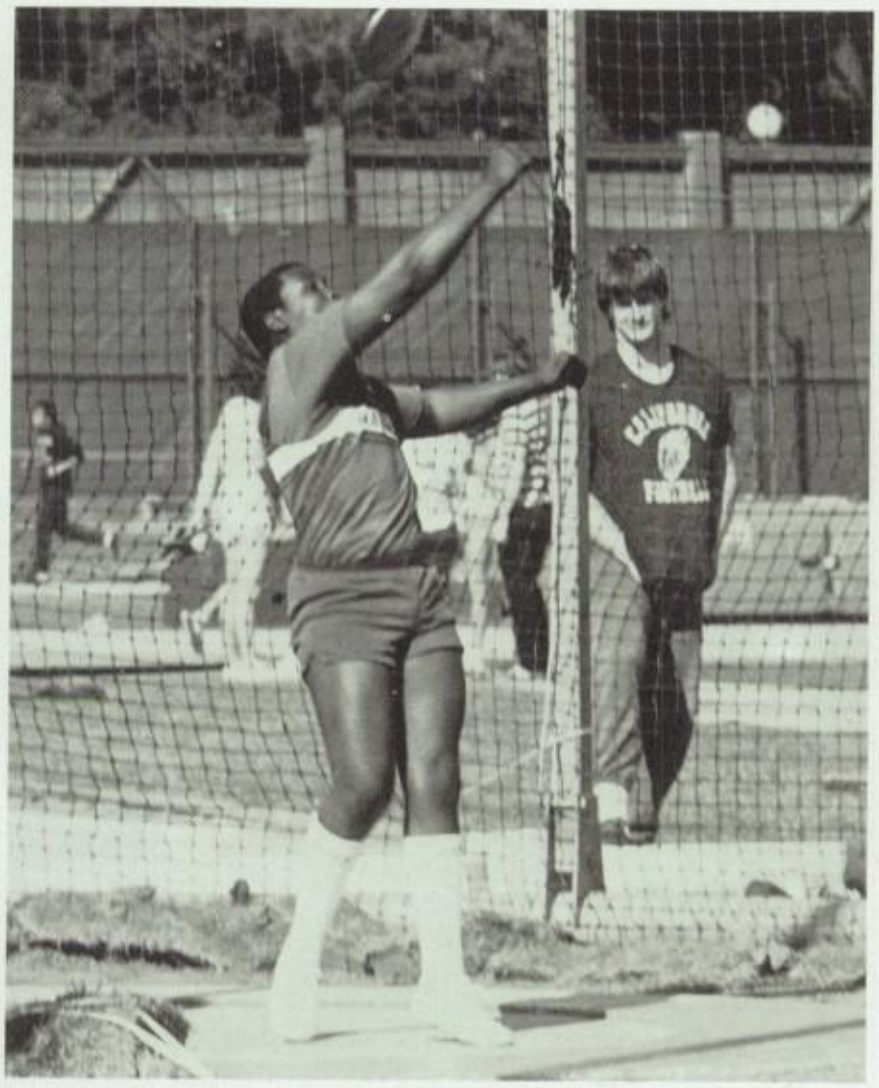






Track & Field





Even though we were small in numbers, the warrior track team experienced a successful season. The 440 relay and mile relay teams had outstanding times and should go to the state meet is in Sacramento. Seniors Steve Gregg, Virgil Robinson and Art Chavez were outstanding. Virgil Robinson proved he is one of the best in the C.C.S. in the 300 meter intermediate hurdles. Sophomores Moon Schwenke and Wiley Stevens were very competative on the varsity level, and both placed very high in the Frosh/Soph central coast section meet. Freshman Ernie Boone was also outstanding, competing on the varsity level.

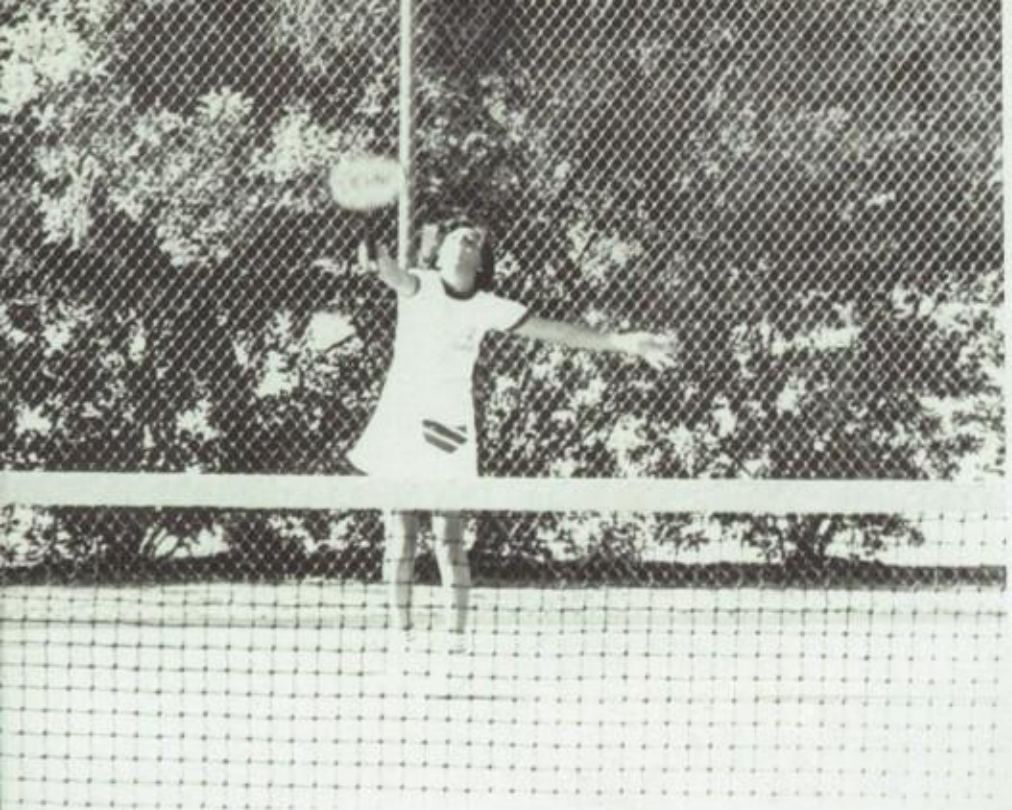
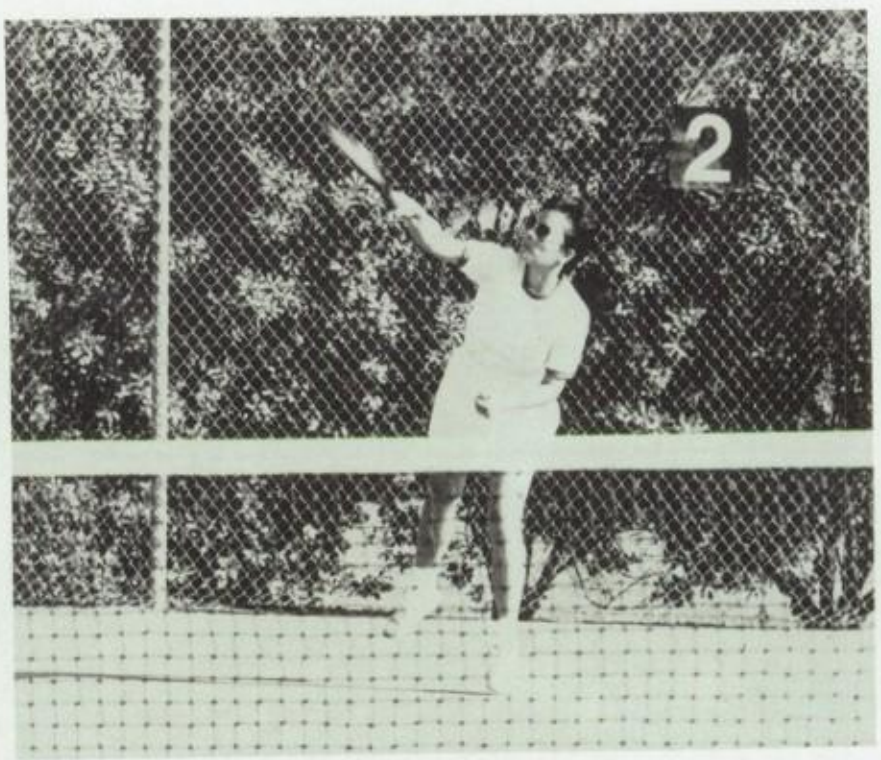
Not Pictured: Cathy Codinack, Cherilyn Orlando, Erin Mitz, Tina Kimmet, Tisha Villanueva, Michelle Doppler, Corinne Stewart, Shelly Mitzel.



Tennis

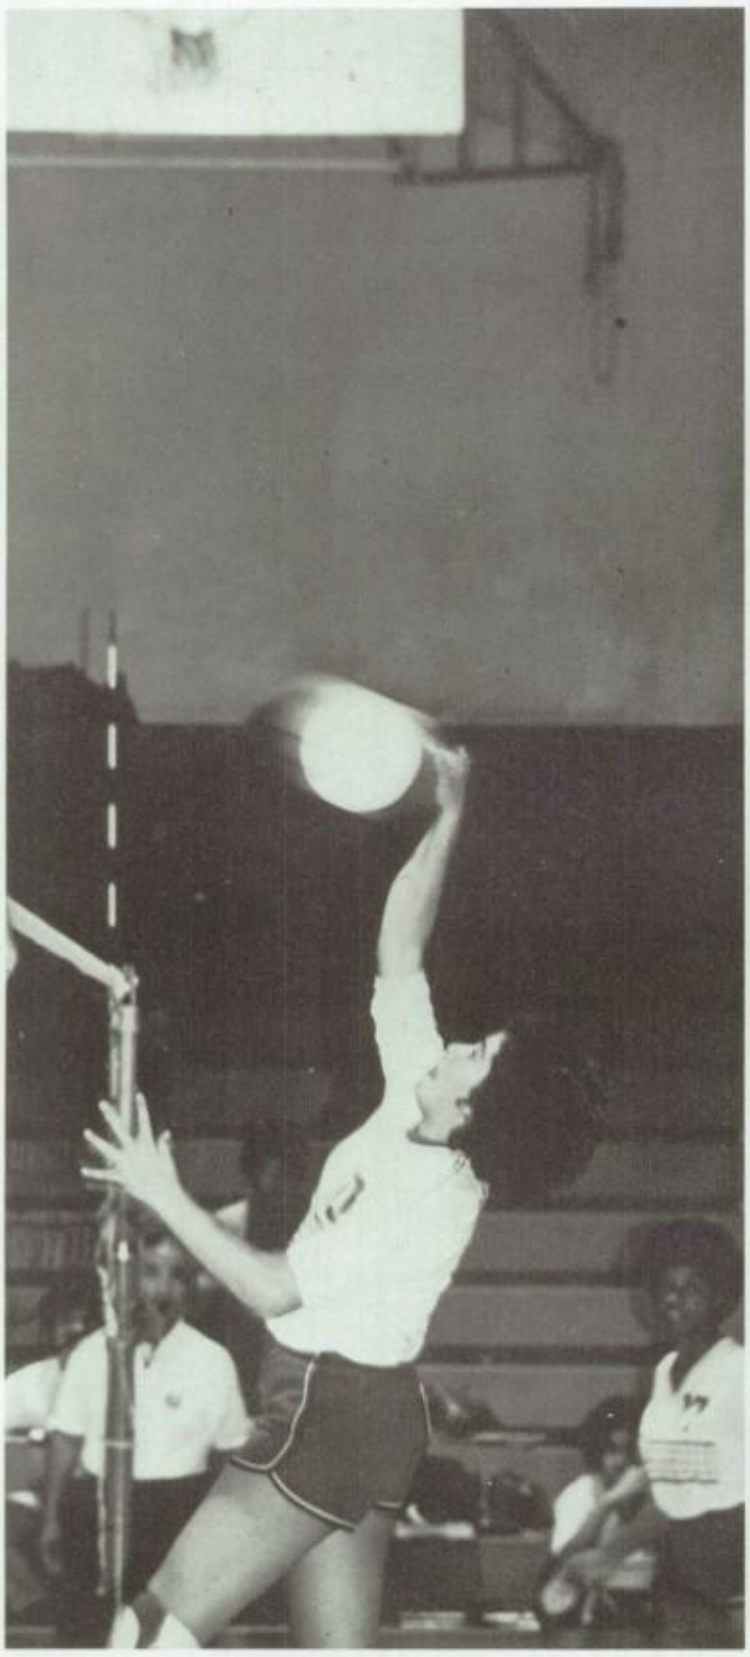
The year's overall season record was 7 wins and 7 losses, resulting in a 5th place finish in MHAL. Our #1 singles player, Trang Nguyen, ranked #3 in the league with 9 wins-5 losses.
Trophy winners were: Trang Nguyen (sr.) MVP
Dipe Le — Most Improved
Oanh Dao — Coach's Award

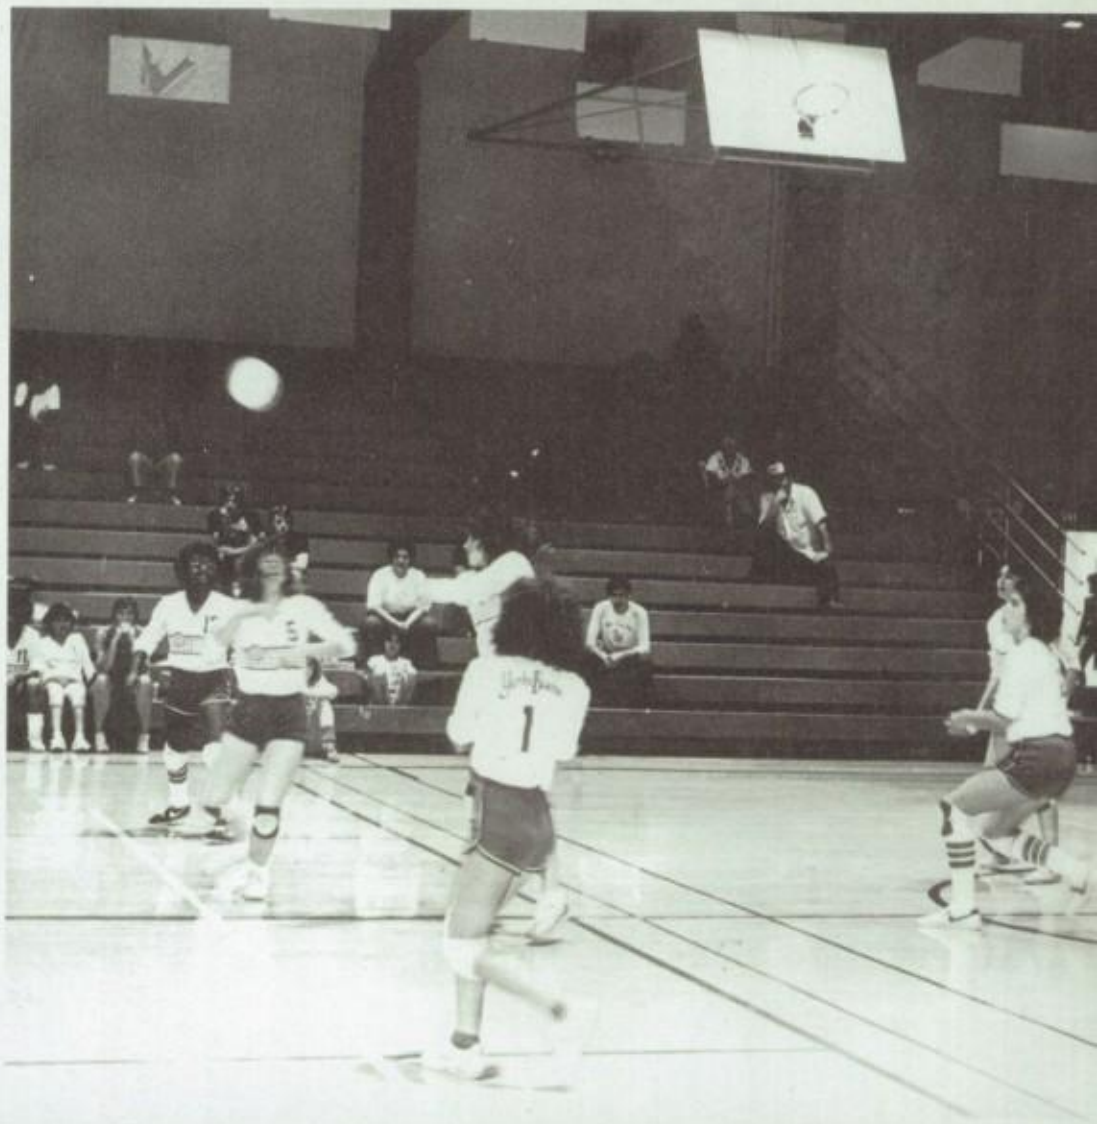


Varsity Volleyball

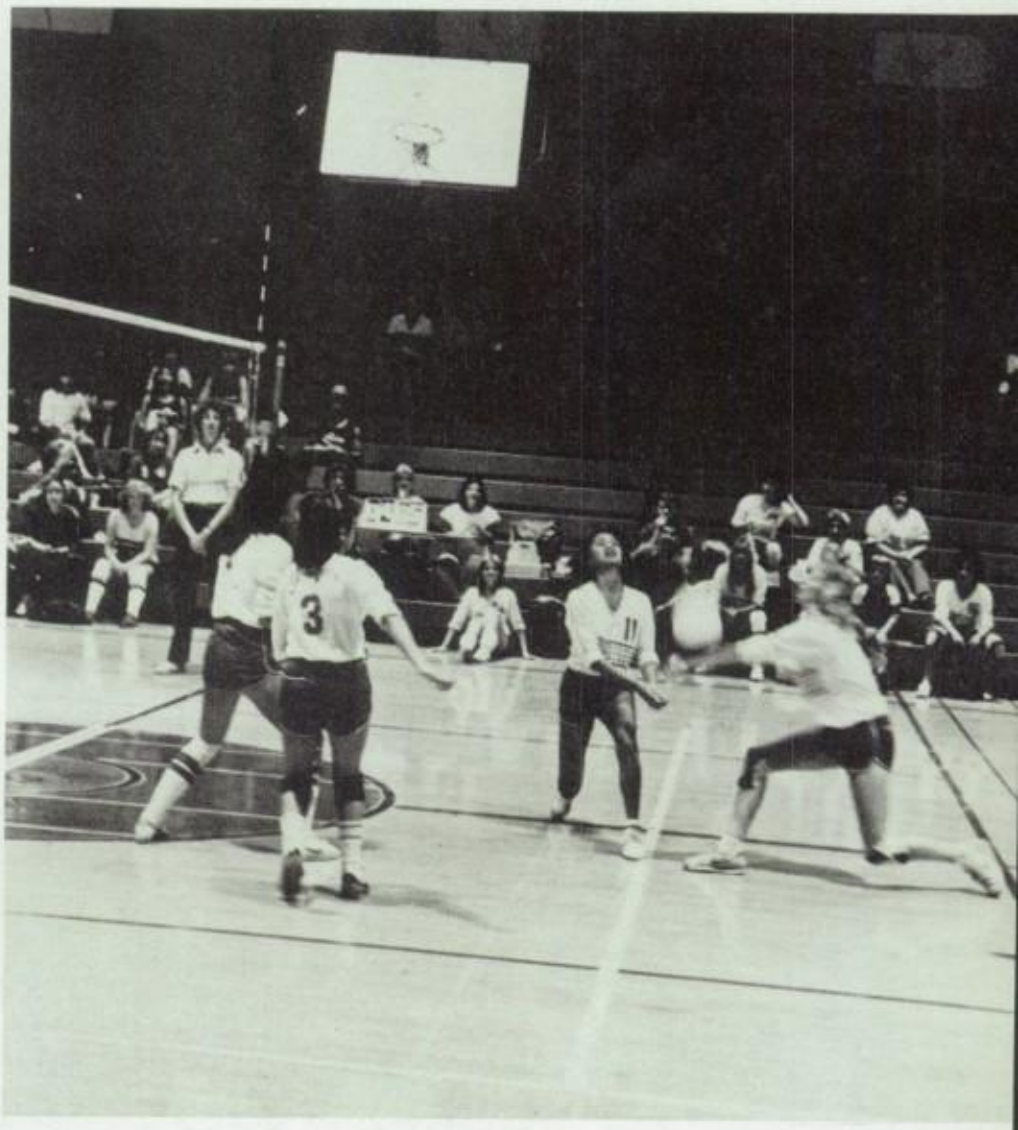
We tried and never gave up, but the victories will have to be gleaned from the individual athletics experience on the team record.

Hopefully, things were learned that will go beyond the season and become part of the girls' lives, helping each to become a better person.





Frosh/ Soph Volleybal



Last year Mr. Ortiz predicted that the F/S Volleyball team would defeat Overfelt. As it turned out, his prophecy did not come true, for we lost to Overfelt once, Silver Creek once and Independence twice. Is it sad? No, it is not, because we ended up in second place in our division and tied for second in our league. Our second place is the product of hard work and determination. The eleven girls that were part of the F/S team made it big indeed and the rest of the schools throughout the league know that Y.B. is on its way to a challenging 1985 year.

All of the girls except for Diane Schow and Missy Mitzel were newcomers to the F/S team and what a team it was! The team scored over 830 points in thirteen games. The overall record was 9 to 3. Mr. Ortiz is happy and so are the girls. Next year, come to our F/S volleyball home games and support the team.

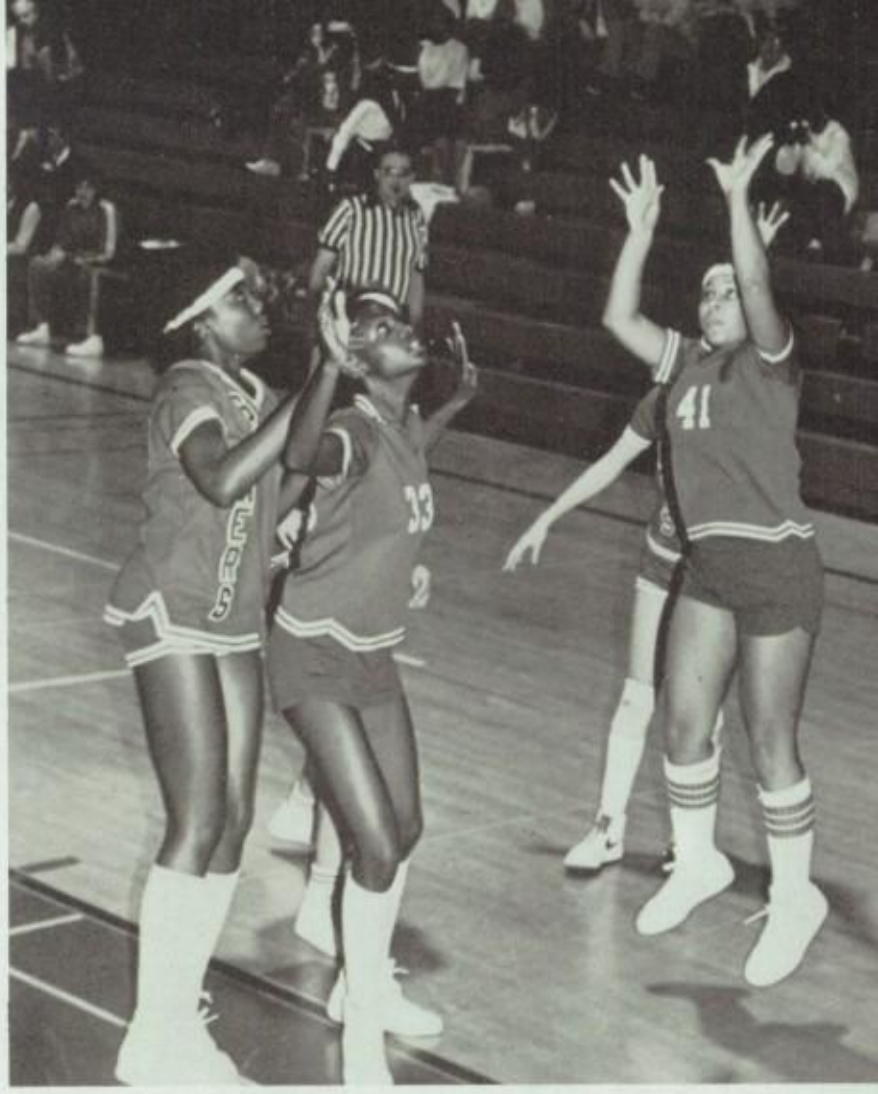
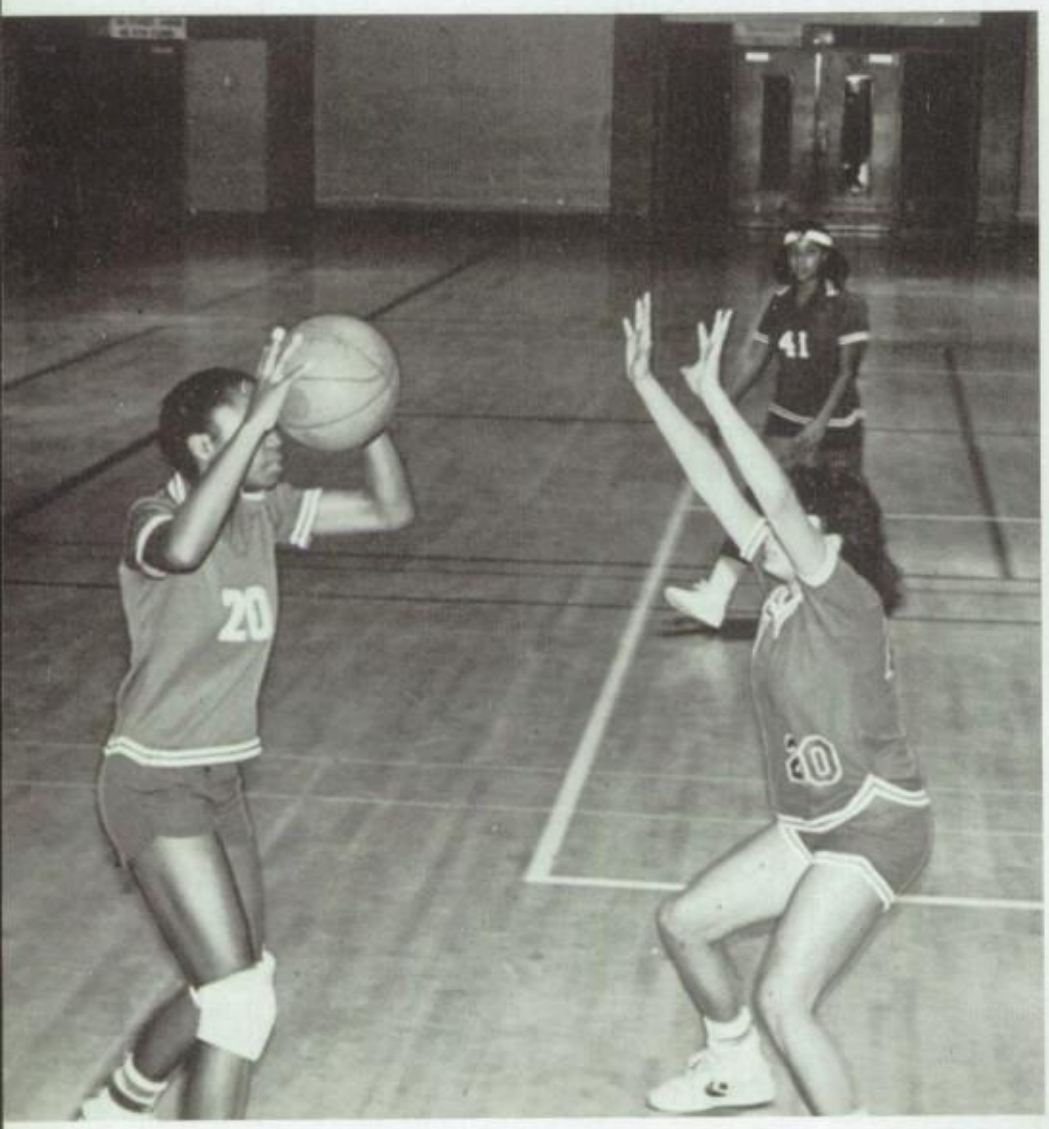
Frosh/Soph Basketball





The 1984-85 girls Frosh-Soph Basketball displayed dedication, enthusiasm and desire throughout the season. Although a small team in number of members and height, the team compiled a Pre-Season Record of 6-1 and went into its league schedule having soundly defeated Overfelt, Lick, and Andrew Hill.

Next year, the team promises to be one of the best because only one sophomore currently plays on the team. It cannot be said that there existed a more determined group of young ladies with the will to win in the MHAL than the Yerba Buena Warriors.
